

ENTENTE IN BATTLE WITH CONSTANTINOPLE ARMY

Senators Agree to Limit Debate on Treaty

RUM FIGHT IS ON IN SUPREME COURT

25 Angles of Attack Are Hurlled on Amendment and Volstead Law

ISSUE IS HELD TO BE STATES' RIGHTS

Contests Declared Similar to Historic Civil War Days Question

WASHINGTON, Mar. 8.—The validity of constitutional prohibition will be fought out in a legal battle of attorneys for the federal government, the dry states, the wet states and liquor interests in the United States supreme court today. A decision is not expected before April or later.

As the court met, Elihu Root obtained permission to file a brief for the United States Association supporting the contention of Rhode Island.

One of the greatest attacks ever made on any statute or part of the constitution has been directed against the dry laws by the wet forces. It has drawn a vigorous defense of prohibition from the federal government and dry organizations.

The issue today centers on whether prohibition is a valid subject for an amendment to the constitution, and whether the Volstead law enforcing the amendment is constitutional. Probably 25 angles of attack have been launched against the two.

Contests over prohibition have developed into a legal battle between various states and between the federal government. The issue is in reality states rights and bears a striking similarity to the historic question of Civil War days. The fact, one of the briefs for the liquor interests, declares the issue now before the courts is more important than the famous Dred Scott decision which upheld states rights before the war.

The lineup in the court today finds Rhode Island vigorously contesting constitutional prohibition, while opposed to it are the federal government, 21 prohibition states represented by Charles E. Hughes and the anti-saloon league.

New Jersey today will ask the court for permission to bring a suit similar to that of Rhode Island.

Two cases in addition to the Rhode Island suit will be heard today. They are appeals from Massachusetts and Kentucky federal courts, which upheld prohibition and which were brought to the supreme court by George C. Dempsey, a New England liquor dealer today and the Kentucky distilleries and warehouse company, Louisville.

The New Jersey case probably will not be argued before April 1, and the court has tentatively set April 12 as the date for argument on appeals from Ohio, which will determine whether states can by referendum withdraw their ratification of the dry amendment as that state has already done.

King U. S. Counsel
The government will be represented by Solicitor General King, assistant Attorney General Frierson, backed by Hughes and Wayne B. Wheeler of the anti-saloon league. Herbert A. Rice, attorney general for Rhode Island, will argue for his state and attorneys for the liquor interests are William Marshall Bullitt, New York; Levy Mayer, Chicago and P. H. Kelley, Boston.

FOOD FAMINE LOOMS IN CHICAGO STRIKE

CHICAGO, Mar. 8.—Express handlers and clerks of the American Express Co. here today continued their strike for increased wages without sign of a break.

Danger of the city's food supply through threatened strike of express teamsters and chauffeurs in sympathy with the clerks was averted when the wagonmen refused their support.

The embargo on express goods effective last Saturday will continue "until the situation clears," according to announcement today by W. J. McGreevy, secretary to the vice president of the American Express Co. here.

Can't Finish Visit, Going Back to Move Family Here

George P. Baggott of Zigler, Ill., likes Santa Ana and Orange county so well that he can't finish his visit here. He has made arrangements to get back to Zigler as quickly as possible that he may wind up his business affairs and move to Orange county.

Baggott, who is an old-time friend of Fred Siefert, dropped in on Siefert two or three days ago. Baggott's complete conversion to Orange county came yesterday when Siefert took him on a trip through Orange and Villa Park to the County Park, back over Lemon Heights to Laguna Beach. Baggott is manager of a lumber company that has eleven yards in and around Baggott, holding the same position Siefert had before Siefert came to Santa Ana. Baggott also is vice-president of a Zigler bank.

RAILWAYS WIN IN U. S. COURT DECISION

WASHINGTON, Mar. 8.—The railroads of the country in the supreme court today won their suit to compel the Interstate Commerce Commission in fixing the valuation of the lines to accept the present value of rights of ways and terminals instead of the original cost.

The decision is of far-reaching importance, because the valuation now being made by the commission probably will be used as the basis for making rates under the Esch-Cummings bill which will guarantee the roads a return of 5 1/2 per cent on their property value. The effect of the decision is to increase the Interstate Commerce Commission's valuations of the roads with the probable consequence of higher rates.

LANE IN L. A. TO TALK ON RECLAMATION BILL

LOS ANGELES, Mar. 8.—The reclamation bill, of which he is the author will be former Secretary of the Interior Lane's subject when he addresses the Los Angeles Chamber of Commerce at a luncheon to be given in his honor at noon tomorrow.

Lane arrived here yesterday for a conference with Edward L. Doheny, oil magnate, regarding his new duties as vice-president and local adviser of the Mexican Petroleum Company. He is expected to return to New York within a few days, where his offices will be located.

SENDS HUSBAND HIS MEALS THROUGH MAIL

KENOSHA, Wis., Mar. 8.—There is one man in Kenosha who has an established confidence in the efficiency of the parcel post system as it is operated between Kenosha and Milwaukee. He is George Anderson, an employee of the Simmons Company, who for four months has been working on the night shift of that factory and every night except one of the he has received his mid-night lunch by parcel post from his wife in Milwaukee. The luncheon package comes in every afternoon and is carried to the Simmons Company by the office boy when he comes after the evening mail. The regulation postage on the package is six cents, but several times it has been a few ounces heavy and has been a little over the mark. Only once in four months has the office boy come back empty-handed so far as Anderson's lunch was concerned.

GOVERNOR REFUSES EXTRA IOWA SESSION

DES MOINES, Ia., Mar. 8.—Governor Harding today refused to issue a call for a special session of the legislature to consider primary suffrage for women, revision of the school law or soldier aid legislation, as had been suggested by some state legislators.

The announcement was contained in a communication written by the governor and addressed to all members of the state legislature.

3 SHOT IN BATTLE WITH SAFE BLOWERS

MINNEAPOLIS, Minn., Mar. 8.—Three men were wounded early today in a battle with bandits who robbed the safe of the Modern Milk Co. of \$50.

EX-S. A. MAN SLAYS LOVE RIVAL AND SUICIDES

Jealousy Mad, Charles G. Orr Causes Double L. A. Tragedy

Jealousy-mad, Charles G. Orr, formerly of Santa Ana, in Los Angeles yesterday shot and killed Leonard M. Jordan, an officer of the U. S. S. Prairie, then killed himself.

Orr was jealous because Jordan was allowed by Mrs. Bessie Kelley, formerly of Santa Ana, to visit her. Mrs. Kelley was at one time owner of the Lyric Theater on East Fourth street, Santa Ana, and Orr was manager of the theater. The theater was sold about a year ago to C. E. Walker of the Princess theater.

The murder and suicide took place yesterday afternoon about 5 o'clock at the home of Mrs. Kelley, 3803 Baldwin street, Los Angeles, where Orr was a boarder. The shooting occurred during a visit of Jordan at the Kelley home. Mrs. Kelley said that Jordan's parents and her parents were friends many years ago at Round, S. C., and that she knew Jordan when she and he were children. Jordan arrived Saturday to spend the weekend at the home of his childhood friends.

Tells Jealousy Quarrel
According to the statements made by Mrs. Kelley, she and Jordan took a walk together yesterday in Lincoln Park, returned home and were going to a moving picture show when Orr complained bitterly to her because of her attentions to Jordan. Mrs. Kelley told him to come with them, taking Mrs. Kelley's daughter, Kitty, a girl about 11 years of age. Orr was not satisfied, but finally agreed to go.

As they were leaving the house Orr suddenly drew a revolver and shot Jordan three times in the back, killing him instantly. Orr then turned the weapon on himself and inflicted a wound in his right temple. He died a few minutes later.

When Mrs. Kelley and her daughter lived here, Orr boarded with them. At the Lyric, Mrs. Kelley generally sold tickets and Orr was at the door.

Visits in Santa Ana
After the sale of the theater a year ago or more ago, Mrs. Kelley went on a visit to Tennessee. A few months ago she returned here on a brief visit with friends, and said that she was going to buy a theater in Los Angeles. Yesterday she told the police in Los Angeles that she and Orr had been running the Crescent Theater at the corner of Forty-eighth street and Western avenue, Los Angeles, and had recently sold it.

She stated that she is the sister-in-law of Loyal C. Kelley, district attorney of Riverside county.

6-DAY BICYCLE RACE OPENING TIME SLOW

NEW YORK, Mar. 8.—Slow time marked the start and early hours of the 28th six day bicycle race which started here last midnight when Governor Edward I. Edwards, of New Jersey fired the pistol that started four teams.

At the eighth hour all teams were tied at 172 miles five laps with Spelsmans leading. The record is 189 miles 9 laps made by Lawson and Drobach in 1914.

47 ARE IN PERIL AS LAKE STEAMER SINKS

MILWAUKEE, Wis., Mar. 8.—The Pere Marquette line steamer, number 3, a 900 ton passenger and freight pack steamer, sank half a mile off the entrance to the harbor at Ludington, Mich., early today. The crew numbering 35 persons and a dozen passengers were rescued.

4 MAIMED IN WINDY CITY QUARRY BLAST

CHICAGO, Mar. 8.—Four workmen were hurt here early today when a heavy charge of dynamite was accidentally touched off in the pit of a lime quarry.

Thief Driving Truck Steals Bunnies, Hutch And All, Here

Karl Krauchi, 937 West Myrtle street, is a sound sleeper. In fact, he can be described as a very sound sleeper.

This was demonstrated last night. At the usual time Sunday evening Krauchi fed his pair of rabbits. At the usual time this morning he went out to feed his rabbits again. Presto! The rabbits were gone, and not only the rabbits but their hutch as well.

Krauchi promptly reported the matter to City Marshal Jernigan. Officer Neuschwanger went out to investigate. He discovered that some one had backed a trailer into Krauchi's yard and back to the rabbit pen and loaded rabbits and hutch aboard.

The tracks found in the driveway along the house and leading back to the pen indicate the trailer had been pushed into the yard and pulled out by hand.

While all this was going on, Krauchi slept soundly on.

DANIELS HOLDS COAST BASES INADEQUATE

WASHINGTON, Mar. 8.—An extensive development of naval facilities on the Pacific Coast must be started immediately Secretary Daniels told the house naval affairs committee today.

"The inadequacy of Pacific bases is strikingly apparent," Daniels declared, outlining in detail the developments he would have this congress authorize. The Pacific fleet is now much larger than the entire fleet which sailed from San Francisco in its famous trip around the world, he pointed out.

"It is not the part of wisdom to delay providing adequate facilities on that coast," Daniels said. "The Pacific fleet as it now exists has a tonnage of over 500,000, and with the mighty ships under construction within a few years facilities much greater than I am recommending will be required."

MICHIGAN WAITRESS WEDS MILLIONAIRE

MONROE, Mich., Mar. 8.—The romance of Leonia Navarre, pretty sixteen-year-old waitress at a hotel here, and Hall Cheney, millionaire widower, came to a glittering if unexpected culmination recently when the two were married at 2 a. m. by Justice William Danz, who was routed from his bed.

The girl served the guests of the hotel one night as usual, and then met her fiancé. They went out in Cheney's big car and the next heard of them was the report brought to town by the Justice that the ceremony had been performed.

Miss Navarre is the daughter of a farmer living near here and has known her husband but a few months. The couple is known to have had plans for a wedding journey to Japan, the South Pacific and New York. They have expected to build a large home on the Pacific Coast, where the groom has large lumber interests.

AUTO TRANSPORTATION IN CAL. MAKES GAIN

SAN FRANCISCO, Mar. 8.—Proceedings before the railroad commission during January and February of this year indicate "the remarkable growth of the auto transportation business in California," says a statement issued today by the commission.

According to the records, fifty-two applications for certificates declaring "public convenience and necessity" require the operation of auto lines for carrying freight and passengers were filed in the first two months of this year. During the same period, the commission dismissed seventeen applications for operating permits, denied nine, and granted thirteen. Seven transfers were approved.

LET CONCESSION ON PIER AT LONG BEACH

LONG BEACH, Mar. 8.—W. L. Porterfield, formerly prominent as a telephone company official, has today received permission from the city commission to construct a new abutment and approach for the Pine avenue pier, to cost \$65,000 or more, in return for which he will receive privileges and concessions for a term of ninety-nine years, which includes rights of access to the pier from a building he is erecting.

WILSON IS TO BARE FINAL ATTITUDE ON PACT

President Not to Accept Lodge Reservation Is Forecast

WASHINGTON, Mar. 8.—The senate today agreed to limit debate on treaty reservations so as to get quickly to Article Ten.

Unanimous consent was granted to limit debate on all remaining reservations, except that on Article Ten and the one on voting power, to two minutes for each senator. Only four reservations are covered by the agreement, Democratic senators made no objections to limiting the debate.

Today's agreement is expected to bring the senate to Article Ten by mid-week at the latest.

Senator Gore of Oklahoma, today introduced a reservation designed to prevent Great Britain getting a monopoly on the oil of Mesopotamia and Persia.

The senate adopted Senator New's substitute for the Lodge reservation on disarmament. It provides that no time for limitation for armaments decided on by the council of the League of Nations shall bind the United States until accepted by congress. The vote was 49 to 27.

Moving with unusual speed, the senate quickly adopted Reservation No. 11, which preserves to the United States the right to permit nationals of a covenant breaking state who live in the United States to continue their commercial and political relations with Americans, despite the boycott provisions of Article 16 of the League covenant. This reservation was adopted, 44 to 28.

Reservation No. 12 also was adopted, practically without debate, 45 to 27. It protects the right of American citizens having interests in alien enemy territory.

Reservation No. 13, the labor section, was adopted a moment later without debate, 44 to 27.

WASHINGTON, Mar. 8.—President Wilson today was scheduled to make a final statement of his attitude toward the Lodge reservation on article X and other controversial points of the peace treaty, according to announcement at the White House.

This statement was to be made through President Wilson's answer to a recent letter from Senator Hitchcock, in which Hitchcock asked him to receive Senator Simmons, who would lay before him a proposal for a compromise reservation to article X.

As far as could be learned at the white house the president will reiterate his unalterable disapproval of a recent letter from Senator Hitchcock, in which Hitchcock believed this reply would show there is no necessity for Simmons coming to the white house with the proposed reservation for Wilson's ok, that the president will state "the matter is sufficiently covered" in this letter.

It was stated the president will reiterate his stand as set forth orally to Senator Glass three weeks ago which was reported to be as follows: "The President did not say he would not accept the Taft reservation on article X but did say that he could not accept the Lodge reservation."

TO BE UNITED WITH SON AFTER 25 YEARS

EVANSVILLE, Ind., Mar. 8.—After being separated for a period of twenty-five years, Albert F. Deppen, aged thirty-five years, a fireman of this city, and his mother, a resident of Berne, Switzerland, soon are to be reunited. Deppen's parents, who are natives of Switzerland, came to America in 1887 and started a dairy in Louisville, Ky. They became estranged, the mother returning to Switzerland, with her son and daughter. The father later recovered custody of the son. All trace of the mother was lost until recently when Adolph Deppen, an uncle, who is Swiss Consul at Louisville, got in touch with her. The father immediately returned to Switzerland, and in a letter to the son announced he was returning to America with his mother.

FIFTH PAIR OF TWINS

JERSEY CITY, N. J., Mar. 8.—Mrs. Richard Doherty, wife of Judge Doherty of the Court of Common Pleas in Jersey City, gave birth to twins for the fifth time in their married life of ten years. The youngsters and the mother are doing well.

British Explorers to Make Dash for the South Pole

Left, Dr. J. L. Cope; middle, Capt. G. H. Wilkins; right, Ernest Joyce.
Dr. J. L. Cope Will Lead Expedition Scheduled for Next June

LONDON, Mar. 8.—Another attempt to reach the South Pole will be made in June, according to announcement here, by the British Imperial Antarctic expedition. Dr. J. L. Cope heads the expedition; Ernest Joyce is second in command, and they will be accompanied by Captain G. H. Wilkins of the Royal Flying Corps, who will fly an airplane and may make an air dash for the South Pole.

The expedition will consist of 50,000 troops in Turkey, it added, will not include the 5,000 French soldiers now on duty in the Balkans.

Among the national committeemen here for the session were: A. T. Herr, Kentucky; John T. Adams, Iowa; Jacob L. Babler, Missouri; Willis C. Cook, South Dakota; James A. Hemenway, Indiana; V. L. Highland, West Virginia; James McGraw, Oklahoma; T. A. Marlow, Montana; H. L. Rimmel, Arkansas; Fred Stanley, Kansas; Patrick Sullivan, Wyoming; W. H. Thompson, Illinois; Charles B. Warren, Michigan and R. E. Williams, Oregon.

Major General Leonard Wood and Frank H. Hitchcock, former postmaster general and announced Wood supporter returned here together today.

Governor Frank O. Lowden of Illinois, was here en route to New York, where he speaks tomorrow night.

NEW YORK, Mar. 8.—The stock market was thrown into the utmost confusion this afternoon by conflicting reports from Wall street sources on the decision of the United States Supreme court on the stock dividend case. The first dispatches reaching the floor were that the dividends were held taxable, and before these were corrected and it was shown that the court held they were not taxable, there held they were not taxable, there was a wild period of selling. Big blocks of stock were put out for short account and those on the long side threw their holdings overboard. Crucible steel was affected more than any other stock by the decision, broke five points on the earlier dispatches and then jumped 15 points within ten minutes. General Motors went up 31 points. In many instances new high records for the day were made in the last 15 minutes of trading.

PRINCE JOACHIM IN CAFE STRIKES POILUS

BERLIN, Mar. 8.—Refusal of two French officers attached to the German mission here, to stand "Deutschland Uber Alles," was played in the dining room of the Hotel Adlon last night, precipitated a general fight in which prince Joachim Albrecht, relative of the former kaiser, is said to have been the aggressor.

The Frenchmen, Captains Klan and Bouvenger were badly battered by the Germans. They were cut and bruised by bottles, glasses and candles hurled at them. Waiters finally succeeded in escorting the French from the dining room.

Prince Joachim Albrecht, witness said, followed his usual custom in tipping the orchestra to play the German national song. The French party, consisting of the two captains, accompanied by another Frenchman and woman, did not rise.

3,500-TON STEAMER WRECKED, IS BELIEF

NEW YORK, Mar. 8.—Belief that the 3,500 ton shipping board steamship Guilford had sunk after being abandoned by her crew yesterday off Nantucket South shoals lightship, was expressed by the Information bureau of the naval radio station here today.

STERLING EXCHANGE SLUMPS IN NEW YORK

NEW YORK, Mar. 8.—A slump in sterling exchange almost as violent as its sensational rise last week was indicated today when the British exchange opened at \$3.55, a drop 6 1/2 from Saturday's close.

RUSH BIG FORCE TO AID OF ALLIES

43,000 Moslems Opposing French, British and Italian, Report

CITY UNDER MARTIAL LAW, SAYS DISPATCH

Troops Make Extensive Military Demonstration Against Turks

LONDON, Mar. 8.—Allied and Turkish forces have clashed in Constantinople, official messages today declared.

Martial law has been declared, the messages said and 20,000 French, British and Italian troops made "an extensive military demonstration." The Turks resisted and fighting followed, the messages added. No details of casualties were given.

RUSH 30,000 TROOPS TO AID CONSTANTINOPLE ALLIES

PARIS, Mar. 8.—British and Italian reinforcements are enroute to Constantinople and will swell the allied garrisons in Turkey, it added, will not include the 5,000 French soldiers now on duty in the Balkans.

ALLIES OPPOSED BY 43,000 TURKS, WASHINGTON HEARS

WASHINGTON, Mar. 8.—Forty-three thousand Turkish troops are under arms in the area in which 20,000 French, British and Italian soldiers are reported to have clashed with the Sultan's men, according to information here today.

This is the strength of the Turkish regular army, which is said to be concentrated in Constantinople and Anatolia.

No official word of the reported outbreak of fighting in Constantinople had reached here, but military men have been expecting a fight.

Rumania Parley With Russ Reds for Peace Is Looming

PARIS, Mar. 8.—Alexander Vaida-Voevod, Rumanian premier, has accepted the proposal of M. Tchitcherine, foreign minister of Soviet Russia, to negotiate peace, according to advices from London.

At the same time, other reports said the long heralded attack of the Soviet armies upon Poland had started. So far, it was said, the Poles have defended themselves successfully.

The coming conference of Baltic states, not including Lithuania, "will first seek the union of the eastern countries," General Pilsudski, Polish leader, declared in an interview telegraphed here.

Poland's troops, the general added, do not fear the present Bolshevik offensive. He said he could not "possibly approve any plan which assigns to Jugo-Slavia in the northern districts of Albania territorial compensation for which she is deprived of elsewhere."

For Italy and Jugo-Slavia prefer to abandon the project of the free state of Fiume as proposed in the plan of December 9, and desire to limit the free state to the city of Fiume, placing the sovereignty in the League of Nations without either Italian or Jugo-Slavian control, the president stated, then the government of the United States is willing under such circumstances to leave the determination of the common frontier to Italy and Jugo-Slavia.

STEELS FAVORED AS STOCKS OPEN WEAK

NEW YORK, Mar. 8.—The stock market opened weak today. The trading was light at the start and was mostly in the steel group, all these issues declining fractionally. General motors, however, continued to advance and was up 1 1/4 at 260. U. S. Steel opened at 97, off 1/4; Crucible, 196 1/2, off 1/4; Republic, 88 1/2, off 1/4; Baldwin, 111 1/2, off 1/4; Studebaker, 86 1/2, off 1/4; U. S. Stores, 70, off 1/4; U. S. Rubber, 101 1/4, off 1/2; New Haven, 32 1/2, off 1/4; Mexican Petroleum, 176 1/2, off 1.

WOLVES EMBOLDENED AS SNOW HIDES FOOD

HIBBING, Minn., Mar. 8.—Wolves are thick in locations near Hibbing, and several trappers have caught the animals trying to get into farm yards. The deep snow has forced them to seek food and as a result they have become bold.

John Lundwald trapped a large timber wolf east of Kitzville one day recently and brought the hide to the Township Officer for the bounty.

John Bodoh, Jr., trapped a wolf at Day Lake and also asked a bounty on the same day.

Ray Weaver, a settler in the town of Bowstring, while carrying firewood from a tamarack swamp near his home was beset by two large timber wolves which refused to get off the path for him. He defended himself successfully with a one-man saw he had used to cut wood.

BELIEVING THAT KETTNER WILL RUN AGAIN

Political gossip around Riverside, Redlands and San Bernardino has it that William Kettner is going to run for congressman again.

Democrats around Santa Ana say that they have had it straight from Kettner, and Mrs. Kettner, too, time and again, that Kettner positively cannot run this time, that his health and his financial situation will not allow it.

However, here is what the Redlands Facts says:

"William Kettner will be a candidate for congress on the Democratic ticket again, according to the word that is being passed out quietly by the Democrats of this section."

"Kettner announced some time ago that under no consideration, not under any condition, would he again be a candidate. He stated that he intended to get back in business, but a local Democrat said that in San Diego they are betting 5 to 1 that he will be a candidate."

"Hugh L. Dickson of San Bernardino, wanted to be the Democratic candidate, it is said, but the bosses flattened out his aspirations suddenly with a very quick application of cold water."

GERMS ASLEEP 2100 YEARS ARE WAKENED

NEW YORK, Mar. 8.—In a papyrus of the Ptolemaic age, Prof. Galippe found germs that after three hours of exposure to moisture revived. They had been asleep 2100 years, and they were identical with the micro-organisms found on the plants, which the Egyptians used in making their papyrus.

EL MODENA ELECTS WATER DIRECTORATE

EL MODENA, Mar. 8.—Saturday at the annual meeting of the John T. Carpenter Water Co., A. O. Hodson, L. W. Evans, W. H. Flippin and Le-on Whittell were re-elected as directors and R. C. Adams was a new member placed on the board. This is the co-operative company that gets part of the gravity flow of the Santiago Creek and which operates pumping plants sufficient to give the El Modena section a fine supply of irrigation water.

MUST GET \$125 PER TO WED, IS RULING

CHICAGO, Mar. 8.—A book of rules for employees of the Federal reserve bank of Chicago, circulated here says:

"No male employee receiving less than \$125 a month salary will be permitted to marry while in the service of this bank, without first taking the matter up with the chief clerk."

OMAHA, Mar. 8.—"Sure, we'll let any of our bank employees who wish to marry on a salary of \$125 per month or less. If it's all right with the girl, it's all right with us."

This was the comment to L. H. Barhart, new cashier of the Omaha Federal Reserve Bank Branch, regarding the ruling of the Chicago bank, that its employees must not wed on that salary.

VALENCIAS LEADING NAVELS IN SHIPPING

Officials of the California Fruit Growers' Exchange give out figures which show the shipments of Valencia oranges exceed those of the navel groves. Owing to recent heavy plantings of Valencias, it is probable that the navel will play second fiddle hereafter.

It is now estimated that shipments of oranges by the Exchange, which controls approximately 80 per cent, of the citrus crop of California, will total 27,250 cars for the season, compared with 34,102 cars last season. The lemon shipments, it is estimated, will run to 9618 cars, and 9320 cars were shipped last year by the Exchange. That part of the Valencia crop which will be handled by the Exchange this year will be 12,712 cars, and the navel crop 12,432 carloads. A year ago the Valencia shipments by the Exchange totaled 17,445 and the navels 14,308.

Help wanted, man wanted for janitor and chore work at S. P. Brown-Ranch. Apply at ranch.

THE REAL TIGE AND BUSTER BROWN, AT THE YOST THEATER, TUESDAY AFTERNOON.

Buster Brown and Tige are famous all over the world. Every boy and girl is familiar with their antics and has had pleasure in following their doings. It certainly will be a treat to the children of Santa Ana to see the real boy and the real dog and they will not disappoint you.

This free appearance is made possible by the manufacturers of Buster Brown shoes, and the Watkins Bootery of Santa Ana, who are the exclusive agents for their high grade children's shoes. A souvenir will be given to every child.

This exclusive shoe store caters to those desiring the very best in shoes as is evidenced by the lines carried such as Buster Brown shoes for children, Hanan & Sons shoes for men and Laird Schoeber & Co. shoes for women.

Mr. G. A. Vorhees for four years with the Watkins Bootery of San Bernardino is now the head salesman in the Santa Ana store. His previous experience in some of the largest stores of the country and the fact that he is an orthopedic specialist, should be of special interest to the people of Orange county. We shall pay particular attention to children, the correction of all trouble of the feet and meticulous care in the proper fitting of shoes.

A FAIR ELECTION ASSURED IN MEXICO

CITY OF MEXICO, Mar. 8.—If Mexico, in the ten years of political evolution that has followed the overthrow of the Diaz regime, has reached the stage where she will abide by the will of the majority, then she has achieved one of her greatest objects in the struggle for democratic government.

Next July Mexico will have an opportunity to prove to the world that she has reached that stage. In the coming presidential election there is material for political dissension and resultant disorder. But the election also offers Mexico the chance to emerge peacefully from the first real battle of ballots that the republic has experienced since the days of Diaz, when it wasn't even necessary to count the votes.

Today declare that if their country can weather the troubled waters of an election sea, it will mean the nation is on the sure road to peace and prosperity. The crisis will have passed.

The difficulty, if there is any, will arise from contests over the results of the voting. With two strong military men in the race, a dispute might lead to grave internal complications. Such danger has been removed, however, according to Aguilar Berlanga, secretary of Gobernacion, by the recently enacted laws of election reform.

"Even though both parties may present themselves as 'winners,' Berlanga said in a statement to the United Press, 'the executive will recognize as elected only the candidates able to present authentic proof. The government in power does not have to think twice about the matter, its role being reduced to the simple execution of the majority's will.'"

By winning a majority on the permanent commission which functions while congress is adjourned, the Carranza government will be in control during the election. Fifteen of the twenty members composing the commission were chosen in the chamber of deputies last December, the government candidates winning decisively over those who represented General Obregon. Thus the government not only will be in technical control of the election, but Carranza, through his generals, is pushing plans to completely pacify the country before July.

There are sidelihts to the Mexican presidential campaign which form the subject of much speculation. Discussion of this character chiefly centers around the question of whether the government will throw its support to a particular candidate. And the identity of the government candidate—if there is to be one—naturally is being sought with eagerness in Mexican political circles. Both Gonzales and Bonillas are mentioned. But the subject is a delicate one, and one that is discussed quietly in Mexico City.

In many circles the situation assumes added interest from the fact that a civilian candidate is to make a bid for votes. Bonillas' fate at the polls may be an answer to the oft-advanced theory that "Mexico is tired of military men."

Then there is the query, often propounded in American quarters: "What will the choice of a new Mexican president mean to the relations between the United States and Mexico?"

Mexico's presidential election, as a matter of fact, should hold almost as much interest for Americans as it does for Mexicans.

MOSQUITOES DETEST LIGHT, IS CLAIMED

NEW YORK, Mar. 8.—It has been shown that the malaria-bearing mosquito does not stay in a well-lighted house or modern hospital, says the Medical Record. Clean, bare walls and ceilings, large windows, and light furniture do not attract it. On the contrary, it selects cottages or old-fashioned houses, where the rooms are "stuffy" and hot, ill-lighted, ill-ventilated, with dark recesses, cupboards, old curtains, and furniture. In such a place the mosquito is altogether at home, and if there is restricted living or sleeping accommodation infection is likely to be carried from the malaria carrier to the susceptible person.

SLOAN PROMOTED PASADENA, Mar. 8.—Thomas W. Sloan will be supervisor of the Santa Barbara and Monterey National Recreation area with headquarters at Santa Barbara. He formerly was chief ranger of the Angeles Forest with headquarters in Pasadena and has just been notified by R. H. Carlton, superintendent of the Southern California Forest Reserves, of his promotion.

Stops Medicine—Health Recovered By Internal Baths

Mr. A. Czarniecki, 657 Montgomery St., San Francisco, Cal., writes Tyrell's Hygienic Institute of New York as follows:

"I must admit that the use of the 'J. R. L. Cascade' has cured chronic constipation from which I suffered since May 12, 1913. I have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."

Over half a million bright, keen, that internal bathing is more essential to their health than external baths—Have found that, used occasionally at night, they have enjoyed the most refreshing morning. No more of that bilious, tired, nervous feeling, but having by nature's own cleanser—antiseptic warm water—removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting properly, clear headed, happy and confident, eager and capable for the duties of the day.

"Why not learn more about this rapidly growing and natural practice? The 'J. R. L. Cascade' is the invention of Chas. C. Tyrell, M. D. of New York, a specialist on internal baths for 25 years, and is now being shown and explained by Bowley's Drug Co., in Santa Ana, who will give you free on request—an interesting booklet on the subject called 'Why Man of Today is Only 50% Efficient.'—Adv.

RAIL WAGE PARLEY SET FOR WEDNESDAY

WASHINGTON, Mar. 8.—Arbitration of the railroad wage controversy, under the terms of the Esch-Cummins law, will start here Wednesday, it was announced today.

Representatives of the railroads and of 2,000,000 union workers, will meet here. The findings and recommendations of this joint commission must be ratified by the labor board established by the railroad law. Negotiations for appointments to this board are being prepared by the unions and the railroads.

BAKER, ZIMMERMAN, CHASE ARE SLIPPING

By HENRY L. FARRELL (United Press Staff Correspondent)

NEW YORK, Mar. 8.—Three landmarks of the national game, men around whom much of modern diamond history has been wound, have heated the main road down the path that leads away from the spotlight.

Frank "Home Run" Baker, who clubbed his way to fame in a world's series, Hal Chase, peer of all first basemen and Heinie Zimmerman, the eccentric one, who represent among them 47 years of service on the diamond, are through with base ball.

Baker, known almost as well for his annual holdouts as for frenzied streaks of long distance hitting, is going to farm his holdings in Trappe, Md., and avoid sleepless pullmans and eatless hotels that have been thorns in his baseball side.

Chase is headed west to enter the movies. His eyes have gone back on him, he says, and he wanted to beat the old boy with the scythe and quit before he slipped.

Zimmerman evidently is out. With McGraw's suspension hanging over him, the scrappy infielder seems to have lost all his friends. Several teams need an old head like Heinie in the inner defense, but they don't seem to want Heinie.

Lee Magee is out also. The Cubs have given him "the gate," and rumored blacklist signed by all the magnates at the Chicago meeting is said to be blocking his way into any other lineup. Magee threatens to start court proceedings to clear his name.

Heinie Groh would like to be in a jam with the champion Reds, but Mrs. Groh says "no" and the ex-captain of the Moran crew is selling ties and socks in Cincinnati.

Wally Schang, peeved because Babe Ruth and not he drew the ticket to the Yankee fold, is worrying Ed Barrow by his absence.

ORANGE LEAVES FORM BASIS OF PERFUMES

NEW YORK, Mar. 8.—The basis of many of the choicest perfumes is all of petit-grain, says a local importer. This is produced from the leaves of a small, bitter orange that grows in vast quantities in Paraguay. The leaves are boiled, the vapor distilled and the oil skimmed off. The seed of this same orange is the main ingredient of Caracazo.

ASK INVESTIGATION OF BEET SUGAR CO.

CHICAGO, Mar. 8.—Maj. A. A. Sprague, head of the Illinois Fair Price Committee, reported to Dist. Atty. Cline that the Amalgamated Sugar Company, a western concern, is offering beet sugar in the Chicago market at 17 cents a pound. He asked that Mr. Cline request the District Attorney at Denver to investigate.

Eastern refiners are offering cane sugar here at 14 cents a pound, but are making no deliveries, Maj. Sprague said.

The Denver company has notified dealers that it can give immediate delivery of the beet sugar at 3 cents above the cane sugar rate.

THIEF LEAVES GLASSES PORTLAND, Ore., Mar. 8.—A Schillerback is unusually anxious to return to the rightful owner a pair of glasses which were left in the Schillerback home by a burglar.

ODD NEWS NOTES

NEW YORK.—After playing jazz time and smoking a package of cigarettes in the show room, burglars stole a perfectly good baby grand piano from the Standard Phonograph Company.

DEFIANCE, Ohio.—Hearing cries from the burning home, firemen dashed bravely through flame and smoke and affected a rescue. They arrived too late—the parrot was dead.

LINCOLN, Ill.—There is nothing new beneath the sun to Prof. O. E. Keach, Latin professor at Lincoln College. He is testing a fair price list issued in 301 A. D., by the Roman government.

EMPORIA, Kans.—Four inches of water is enough for a bath, ruled City Commissioner Dan Dryer. Those who fill their tubs are wasting water.

ST. LOUIS.—A wayward pig came to town and stopped traffic until a negro rescued it. The porker jumped from a wagon and made a stand on the street car tracks. It wiggled out of the conductor's grasp and took refuge under the car. The negro had a pork dinner.

INDEPENDENCE, Kans.—The county jail here has gone bankrupt because of prohibition. Judge Latschaw ordered the jail closed. Employees were discharged.

To Cure a Cold in One Day Take LAXATIVE BROMO QUININE (Tablets) It stops the cold, cures headache and works off the cold. E. W. GROVE'S signature on each box. 30c.

TELLS HOW ICE FORMS LIKE EXPLOSION

NEW YORK, Mar. 8.—There are five different kinds of ice, of which four exist only under exceptional circumstances.

Ice I is the ordinary ice that forms on the surface of lakes and rivers when the thermometer goes below 32 deg. F. Ice II is formed by subjecting ice I to a pressure of about 5,000 pounds to the square inch. It is heavier than water and the moment the pressure is relaxed breaks up into a fine powder with a volume from four to eight times greater than the original. Ice III is formed when the pressure is increased and the temperature lowered to 20 deg. C. Ice IV results from a still greater pressure; Ice V from a pressure of 28,000 lbs. to the square inch and Ice VI, the hardest and heaviest of all when the enormous pressure of 142,000 pounds per square inch is applied.

W. C. Dumas writes in Everyday Engineering that some of these transformations from one to another take place with the suddenness of an explosion, accompanied by a distinct click.

Prof. P. W. Bridgman of Harvard found that under a pressure of 130,000 pounds to the square inch, water decreases in volume about twenty per cent at ordinary temperatures. Under ordinary pressures ice melts, but under the higher ones water is solidified even without cold. Under a pressure of 44,000 pounds to the square inch water that is almost boiling will freeze quickly.

TO DECIDE ON STRIKE. CHICAGO, Mar. 8.—Representatives of the Brotherhood of Maintenance of Way Employees and Railway Shop Laborers will decide today whether to call the 400,000 members of the organization on strike, officials announced when they resumed their general conference here today.

AMUSEMENTS

WILLIAM DEMILLE RISES So distinguished has been the success which William De Mille, the famous playwright, screen writer and director, had in the handling of photoplays that he is shortly to make a series of Paramount Artcraft productions under his own name. In the meantime, he has directed the last two Robert Warwick features. The second of these is "Jack Straw," which will be shown at the West End Theatre Tuesday and Wednesday. It is an adaptation by Olga Printzlau of W. Somerset Maugham's well known stage comedy.

Mr. De Mille entered the motion pictures while the industry was in its infancy, but before that time he had acquired a reputation as a writer for the stage, being the author of such plays as "Strongheart," "The Warrens of Virginia," "Classmates," and "The Woman."

Cuticura Soap The Velvet Touch For the Skin

Sup. Cincinnati, Tel. 55. Everywhere. For catalogue address: Cuticura Laboratories, Dept. T, Malden, Mass.

PLACENTIA PEOPLE BUY PERRIS LANDS

PERRIS, Mar. 8.—The development of this valley into a cotton area and the probability that a gravity water system will be obtained by the purchase of the Warner Creek dam on the San Luis Rey River, has caused considerable activity in real estate. Recent realty sales here include the following: Laura L. Shepherd to Peter B. Kyne and O. H. Cask, eighty acres adjoining the Kyne-Cash ranch, for \$20,000; James O. Parker to J. C. and Eugene Boiseranc of Placentia, eighty acres, near the old Indian school, \$20,000; Rosamond M. Hartnett of Martin H. Green, a six-acre ranch near the Old Good Hope mine, \$2500; W. R. Townsend to George B. Adair of Sierra Madre, a 120-acre foothill ranch in the Menifee Valley, \$3600; Harford and Greenleaf to I. Smith, a five-acre ranch, \$1600.

70 "REDS" NABBED

AKRON, O., Mar. 8.—More than seventy alleged anarchists and radicals were arrested here yesterday in extensive raids conducted by department of justice officials.

A Saving Substitute for Strikes

In these trying days of unrest we need hard, continuous, concentrated and constructive thinking in every field of human endeavor.

If strikes are to be avoided, if industries are to be preserved, if the hearthstone of the home is to be retained, there must be devised some sane, practical system of honest co-operation between employer and employee.

Employer and employee must understand each other.

They must concur in action and effort. They must work and operate together as one, to one end. They must labor jointly with one another to promote a common result, the result being their mutual achievement, whether profitable or otherwise.

In the day of profit there must be no vaunting of the strong, no oppression of the weak. In the day of loss there must be no wanton manifestation of violence, no rupture; and above all, no unjust strike. These things, summed up as a whole, mean co-operation in its strict sense.

Co-operation must not be confined to profit and loss alone.

There must be co-operation in sentiment, in getting together, in talking over difficulties, and in settling them without resorting to conflict.

If we falter now in doing these things, if we dally and delay in using common sense, the un-American forces arrayed against American Labor will rob America of her opportunity to become the industrial centre of the world.

Real co-operation will cure the misunderstandings existing between employer and employee

WE'RE NO PIKERS

Santa Ana is not satisfied with casting longing eyes on Newport and Balboa but is now agitating the annexation of Tustin. The Orange county seat certainly is considering some pretty large plans of expansion. No proposal has yet been made, however, to annex Orange or Anaheim.—Riverside Press.

FOR RURAL BABIES

The Children's Bureau of the U. S. Department of Labor has recently been conducting its first nutritional survey. The scene of the survey is one of the rural sections of Kentucky through which the Child Welfare Special has been traveling for the purpose of bettering the health and living conditions of babies in villages and on farms.

The big truck which is the Child Welfare Special is arranged inside like a model well-baby clinic. There is a doctor in charge who makes the physical examinations and gives the mothers advice on the subject of child care. A nurse takes the family health record and history, weighs and measures the children and prepares them for the more thorough examination of the doctor. Only one family at a time is admitted to the conference room and the consultation takes place with all the privacy of a doctor's office or one's own home.

A tabulated report of the survey and of the results of the welfare work will be issued later. In the meantime, the special continues on its rounds, discovering malnutrition and physical defects, giving mothers sane and helpful advice and hygiene talks which will make for healthier, happier babies in rural Kentucky.

FREIGHT RATES

It is agreed on all sides that a considerable rise of railroad freight rates is inevitable in the near future. Present rates are plainly insufficient to meet fixed charges and operating costs under the conditions established by the new railroad law. The government cannot continue to meet deficits as it did in war-time, and there will be no public sanction for government subsidies. The natural thing will be for the Interstate Commerce Commission to grant a general rate-increase as soon as the needs are thoroughly understood and the proper plan can be worked out.

This will be unwelcome, of course. But it will have to be endured. It will be no worse to pay the railroads what they need directly than to pay it through the United States treasury.

American transportation cannot be starved any longer. The price of such starvation is costlier to the public than the price of legitimate support of the railroad industry.

Bygones must be bygones. The railroads have sinned much in former years, and have paid a big penalty for their sins in bankruptcies, lost profits and lost public esteem. Now a new era begins, with the railroads and the public virtually partners.

The public will do its part, and pay what is necessary, cheerfully enough, provided it obtains the improved service for, and provided the rate-increases granted are passed on to it honestly and fairly, instead of being multiplied in the process as they usually are.

DIPLOMATIC DRYNESS

It appears that even the foreign embassies and legations at Washington are not to be oases in the great American desert. It was expected that those sacred places would not be affected by prohibition. They are naturally exempt from the prohibition law, since they are constructively foreign territory, and diplomatic representatives are privileged to bring in what they like from abroad. Foreign diplomats, moreover, are generally associated so closely with the more luxurious sorts of alcoholic beverages that one might suppose it impossible to practice the art of diplomacy without these aids.

It is astonishing, then, to learn that the aforesaid aids are being given up voluntarily. The foreign representatives have decided, with apparent unanimity, that they will conform to the letter of the national prohibition amendment, refusing from importing wines and

liquors under cover of their diplomatic immunity.

Their reasons are not altogether idealistic. One contributing factor is said to have been the pressure put upon them by Americans to import liquor for the benefit of the latter. This has got to be a nuisance in some cases. Moreover, the cost of serving liquor at the embassies and legations is much increased since there remain so few places in Washington where Americans may relieve their thirst.

Self-defense alone, however, would hardly account for such self-deprivation on the part of Washington's diplomatic population. There is in it a deference to American law and morals which deserves appreciation, and which puts to shame the conduct of American citizens who are exercising all their ingenuity to evade the prohibition law. When it is observed by men who do not have to observe it, surely it should be observed by our own people.

DAY-DREAMING LABOR

Europe is poor, so poor that it is taken as a matter of course that the United States for the present at least will not demand payment of the interest due on the money lent during the war. The interest is being added to the principal, to draw more interest.

As Congressman Rainey of Illinois pointed out to a Connecticut audience the other evening, Europe has one valuable asset. The countries over there still have an abundance of labor, both skilled and unskilled. But, as the congressman says, "most of it is following the leadership of demagogues and dreaming of the overthrow of all government and the distribution of wealth."

It seems to be true, lamentably true, that the rank and file of labor, not only in European countries, but right here in America as well, seems to have no conception of the basis of wealth. The workers do not seem to realize that labor is the foundation-stone of capital, that without labor there can be no capital, that without labor nothing can be produced. The average worker is woefully ignorant of, and refuses to become interested in, the delicate mechanism of the whole body of our civilization.

If there be no labor, there will be no goods, and the world will starve. A starving world will soon lose its hold upon civilization. It is only by dint of constant labor that we can hold fast that which the labor of others has provided for us.

The Consumer Pays

San Bernardino Sun—When the coal strike settlement was obtained last fall, it was announced that the 14 per cent increase in wages granted to the miners was to be absorbed by the producers, and that the consumers would not be burdened with any of it. It now transpires that such an agreement applied only to coal not mined under contract. The contracts provide that when it becomes necessary to raise wages the increased cost shall be passed along to the purchaser.

When it is considered that practically 98 per cent of all soft coal is mined by contract it becomes evident how negligible was the provision that wage increases in non-contract coal should be absorbed by the operators. All of the coal produced and sold under contract is used by public utilities and other concerns in a position to charge the consuming public with the increased cost of fuel so the consumer pays in the end.

It Wouldn't Work

Visalia Delta—The refusal of Herbert C. Hoover to be a candidate for presidential nomination by either party in the forthcoming presidential primary election in California, clears the atmosphere and leaves comparatively a clear field for Senator Johnson, as it should be. The game of the senator's enemies has been foiled. Mr. Hoover will not be a catspaw. While many people are sincere in their desire to see the food administrator a candidate, many of the leaders in the movement, both men and newspapers, were inspired mostly by a revival of the "get Johnson" spirit, which used to prevail in California when Johnson was "kicking" the old guard and corporation out of politics and government.

Reviewing what Johnson did for the people of his state in the regeneration of their government, he can be depended upon to do for the people of the federal government. It is surprising to realize that any appreciable element of the electorate of California could be weened away from Johnson on any pretext. But people are woefully fickle at times.

America's Great Crime

St. Paul Pioneer Press—If there is one article more than another in this day of inflated values for which high prices, by the law of diminishing supply, can be justified, that article is wood. When we began destroying our standing timber we had \$50,000,000 acres of it. Now, with our vastly increased population and increased demand, we have left but one-fourth of that timber acreage. Is it any wonder that lumber prices are going out of sight? Is it any wonder that publishers are becoming alarmed over the vanishing supply of pulp wood? What a pity and what an insane fury of recklessness is it that finds us now with three-fourths of our forests gone without provision for their renewal, and still not a move on the part of Congress to save the country from utter depletion of its remaining forests upon which directly depends the living of hundreds of thousands and upon which all society leans for necessary articles, including the material for dwelling houses and furniture.

President May Yet Want Some Reservations

WHY ALL THE FUSS, WOODROW. IF YOU WERE IN THE LEAGUE THEY WOULD HAVE VOTED YOU DOWN—ALL OF 'EM TO ONE, WOULDN'T THEY?

Fighting the Wrong "Menace"

Fresno Republican

Announcement is made of the organization of a new league of business men to fight "radicalism in America." This is only one of many organizations which have the same purpose avowedly or otherwise.

The pity of it is that these organizations and movements so rarely define what they want or direct themselves intelligently toward the only real evil which constitutes a menace. Quite frequently when they pretend they are fighting "radicalism" it appears from their actions that they are fighting either progressivism or unionism. Neither of these things is a menace to anything except the complacent stupidity of those who think the world can never move. If, however, there are those who do not like either progressivism in government or unionism in business, there is no reason why they should not organize to oppose these alleged evils, provided they will do their fighting in the open and in front. To camouflage either of them however, as "socialism," or "radicalism" means either confusion of thought or deception of language.

The only sort of radicalism that can be described as a real menace is that part of the labor movement which is undertaking to divert the laboring people from unionism to syndicalism. Some of this movement is outside the unions, in the I. W. W. or other revolutionary organizations. It can be squelched if necessary by the simple processes of the police and the prisons. But the infinitely better method is to prevent its growth by the less simple processes of social justice. Either way the I. W. W. and openly revolutionary part of the problem is not dangerous so long as the unions stand united and powerful, a bulwark in its way.

The only seriously menacing part of American radicalism is that part which is in the unions and is seeking to divert those unions from their original purpose which was to promote the interests of their members, to the radical purpose, which is to revolutionize human society. There is such an element in most of the unions, usually a small minority in number, but frequently much more than a minority in noise and activity. Against their domination in the American Federation of Labor Samuel Gompers has stood like a rock. But Gompers is getting old and his sole leadership can not be relied upon indefinitely for protection. What is more important and more permanent is his system, which is the system of federated trades unions, instead of the system of undifferentiated class syndicalism. Regardless of membership or leadership the one system tends toward constructive progress and the other toward destructive revolution. A union, even if badly led and composed of irresponsible members, will finally be driven by the very conditions of its survival either on the right track or on the rocks. A syndicalist organization even if it is led, as was Terence V. Powderley's Knights of Labor, by able men, and even if composed, as was that organization, largely of responsible men, is inevitably led by the laws of its own being to a destructive relation towards industry. Inside the American Federation of Labor is an increasingly active minority determined to take advantage of President Gompers' retirement, whenever that comes, to commit the Federation first to radical destructive policies, and later to destroy the Federation itself by transforming it from a federation of many trades unions into a single syndicate of the whole working class. This is a real menace and is the only radicalism in America worthy of that name.

The madness of it is that the business organizations against this "menace" usually begin by organizing themselves upon the I. W. W. instead of the Federation of Labor model and end by concentrating their opposition upon the trades unions, which are precisely the only protection of America against an advancing syndicalism. If the business men of America wish really to protect our industrial civilization against its only real menace, they will organize to unionize every shop and industry in America. If instead they imagine unionism itself to be the menace and organize to establish industrial autocracy they may find themselves startlingly successful—only the autocracy that will be established will not be the autocracy of capital and they will not be the autocrats.

Worth While Verses

LIVING.

The miser thinks he's living when he's hoarding up his gold;
The soldier calls it living when he's doing something bold;
The sailor thinks it living to be tossed upon the sea,
And upon this very subject no two men of us agree.
But I hold to the opinion, as I walk my way along,
That living's made of laughter and good-fellowship and song.
I wouldn't call it living to be always seeking gold,
To bank all the present gladness for the days when I'll be old.
I wouldn't call it living to spend all my strength for fame,
And forego the many pleasures which today are mine to claim.
I wouldn't for the splendor of the world set out to roam,
And forsake my laughing children and the peace I know at home.
Oh, the thing that I call living isn't gold or fame at all!
It's fellowship and sunshine, and it's roses by the wall.
It's evenings glad with music and a hearth-fire that's ablaze,
And the joys which come to mortals in a thousand different ways.
It is laughter and contentment and the struggle for a goal;
It is everything that's needful in the shaping of a soul.
—Edgar A. Guest in Cosmopolitan.

fer; they even worship anything which the touch of her hand has made sacred. They know her for the best and truest friend they ever had, or ever shall have; they know her for one who never did them a wrong and cannot do them a wrong; who never told them a lie nor the shadow of one; who never deceived them even by an ambiguous gesture; who never gave them an unreasonable command, nor ever contented herself with anything short of a perfect obedience; who had always treated them as politely and as considerately as she would; the best and oldest in the land; and who always required of them gentle speech and courteous conduct toward all, of whatsoever degree, with whom they chanced come in contact; they know her for one whose promise, whether of reward or punishment, is gold, and always worth its face, to the uttermost farthing. In a word, they know her, and I know her, for the best and dearest mother that lives—and by a long, long way the wisest."

When at last his wife was taken from him after years of patient suffering, Mark carried her back to the home of her childhood to be buried, and he caused to be carved upon her tombstone eight lines which express simply, pathetically, beautifully, the deep feeling of his deep love:

Warm summer sun,
Shine kindly here;
Warm southern wind,
Blow softly here;
Green sod above,
Lie light, lie light;
Good night, dear heart,
Good night, good night.

A Nebraska Poet

Santa Ana, Mar. 5, 1920.
Mr. Editor:—As a former resident of Nebraska, where Walt Mason's career began, I desire to say that our state has produced other poets. Here is a poem from the pen of a young woman who formerly lived in Lincoln. She dashes this stuff off lick-it-ty-split, but has never cared for fame. A year or so ago her love bud burst into bloom and a man carried her—I can't tell you where, and I don't even know her name. She gave me fifty or sixty of her poems, and here is one that I wish to submit for your readers to pass judgment upon:

AUTUMN
In the cool days of October,
When the leaves come drifting down,
And there's such a sort of sadness
And of sweetness all around,
Then the sunlight seems more gentle,
And the moonlight seems more grand,
And the signs of dying nature
Show the power of God's hand.

The air's so sweet and hazy,
And the zephyrs sigh and sigh,
And the leaves float down so gently,
Just as we will by and bye,
When our summer has departed
And our autumn days shall come,
And our substance will remain as leaves
But we ourselves pass home.

The spring is young and happy,
And the summer's glad and gay,
And the winter's brave and fearless,
Oh, they're all good in their way;
But the sweetest time is autumn,
It's a simple, dying prayer,
Full of happiness, yet pathos,
Says "farewell" to life and care.

Respectfully submitted,
HOMER EDWARDS.

ODD NEWS NOTES

SAN FRANCISCO—Far from being stingy, Mrs. Lawson Kelly advised Kelly to take dancing lessons and try to pick up some other woman, he alleged. This won him a divorce.

NEW YORK—As long as he didn't have to "take off his collar," one customer was willing to let a barber "give him the works." The barber essayed a singe. Whouff! Explosion! Collar was celluloid.

It Pays To Paint Often

Experience has proved that a coat or two of paint every two or three years is economy. It takes less paint when painted often and it keeps the buildings in a better state of preservation.

Let Us Figure With You On Your Painting

Our methods of selling paint are a bit out of the ordinary. This store represents a factory. We sell High Grade paint at Wholesale Prices. We do this all the time. Make a note of that and have it in mind next time you start painting. It's a dead waste of money to pay more than the wholesale price—and what's more—nobody can provide a better paint for this climate than the paint we sell.

CENTRAL AUTO PARK

REJECTS \$30.00 FOR \$1250
CARDIFF, Mar. 8.—Rather than relinquish his majority of Newport, Wales, Peter Wright has refused a two years lecturing tour in Canada at \$30,000 a year. His salary as mayor is \$1,250.

ANGLO-SAXON SKELETONS

LONDON, Mar. 8.—Three skeletons, finely preserved, believed to be those of fifth or sixth century Anglo-Saxon chieftains, have been excavated at Mitcham. One measured 6 ft. 2 in., and had a huge hole in the fore-

Society

Miss Flora Entertains
Miss Marie Flora of 701 East Pine street, entertained with a charming six o'clock dinner Friday evening in honor of relatives and a few Santa Ana friends. Yellow jonquils gave a very pleasant effect as table decorations, while the living room was prettily decorated with Cherokee roses.

Mr. and Mrs. Charles W. Morey of this city, formerly of Los Angeles, where Mr. Morey was in the banking business for many years, entertained the guests delightfully on stringed instruments. Those present were: Mr. and Mrs. C. C. Schultz and daughter, Martha, and niece, Ruby Schultz, of Central City, Nebraska, Mr. and Mrs. F. A. Gowdy and son, Max, of Melbourne, Iowa, and Byrdie Clouser of Orange.

Entertain Orange Friends
Mrs. A. J. Garraway of 120 West Twelfth street, entertained a group of Orange ladies yesterday afternoon. The house was decorated with lilies and a dainty two-course luncheon was served to the following guests: Mrs. F. L. Chapline, Mrs. Harry Gail, Mrs. F. J. Craemer, Mrs. W. O. Hart, Mrs. W. A. Knuth, Mrs. J. C. Crawford, Mrs. D. G. Wetlin and Mrs. L. P. Danewold.

Chapter A. B. P. E. O. Meets
Santa Ana Chapter, P. E. O. held its regular meeting on Saturday afternoon at the home of Mrs. O. H. Egge on Bush street. A new member, Mrs. J. E. Gowen, was warmly welcomed into the association, with the usual initiatory ceremony.

Officers for the coming year were elected, as follows: President, Minerva Egge; vice-president, Anna Hansen; recording secretary, Susie Rutherford; corresponding secretary, Nellie Bruns; chaplain, Adele Miles; guard, Nancy White; treasurer, Mabel Rowland.

Delegates to the state convention, were also elected, being Mrs. O. H. Egge and Mrs. Anna Hansen, delegates, and Mrs. Nellie Bruns and Mrs. Adele Miles alternates.

The chapter expressed its appreciation of the splendid work done by the retiring president, Mrs. Nellie Bruns, who has left a happy memory of the past year's work and pleasures in the minds of all the members of Chapter A. B.

At the close of the session Mrs. Egge served most delicious sherbet cake, while plans were discussed for an all-day meeting with Mrs. E. S. Babson, a member who lives in Los Angeles.

2nd Economics Section to Meet
The 2nd Section Household Economics of the Ebell Society will meet Wednesday, March 10, for 1 o'clock luncheon with Mrs. John M. Cloyes, 626 South Van Ness avenue. Other members of the committee, beside Mrs. Cloyes, are Mrs. M. R. Lacy and Mrs. Elliott Rowland. After roll call recipes for salad will be given.

D. A. R. Celebrates Birthday
The Santa Ana Chapter, Daughters of the American Revolution, celebrated its fourth birthday anniversary at the home of the Misses Henry on Saturday, March 6.

After the regular business of the day, which included a report of the state meeting by the regent, Mrs. Otis, the program for the day was turned over to the entertaining committee.

Of course, it would not do to pass by and not speak of a few of the things that have been accomplished in the four short years since the organization of the chapter.

In the spring of 1916 there was a movement started to organize a chapter of the Daughters of the American Revolution. At first it seemed that twelve members could not be found, but under the able and pleasant leadership of Mrs. A. J. Crookshank, the first regent, the chapter did organize, and with sixteen members, the chapter immediately plunged into debt for the huge sum of \$125, with which to buy one square foot of ground, the allotment in a piece of land to be bought by the D. A. R.'s adjoining the Continental Hall in Washington, D. C.

Shortly after this the call for war work was heard and the chapter packed and sent one of the first boxes to go to Santa Ana. It adopted one French orphan, bought one Liberty bond, and now is doing Americanization work in the home town. From small beginnings, large results are wont to come, and today the D. A. R. have a membership of forty-eight and a tidy sum to their account in the bank.

When the committee in charge had refreshed the members' memories with the things accomplished, it turned their thoughts to the party in store for the chapter.

After a pleasant half hour in games, the birthday cake, with its decorations of red, white and blue, and its four candles, was brought in and admired by the members and guests. Into the correct number of pieces, by the regent, Mrs. Otis, the cake was supplied, mented with ice cream, lady fingers and mints, and as no party would be complete without its quota of candy, Mrs. Swales, who was unable to be present, had remembered the chapter with a box of delicious chocolates. Thus ended the first birthday party of the D. A. R., which was voted a great success by all present.

Beautiful Spring Wedding
Pleasing in its delicate simplicity and showing a setting in which all the gently appealing atmosphere of spring was beautifully expressed, the wedding of Miss Gretha Lenore Scott, daughter of Mr. and Mrs. Russell Scott, and Loring J. Dale, son of Mr. and Mrs. D. A. Dale, at the Church of the Messiah Saturday evening, before a gathering of about 200 relatives and friends, was one of the foremost social events of the season.

Proceeding the ceremony, a brilliant organ recital was given by Percy Richards, continuing until 8:15 o'clock, when the inspiring tones of Lohengrin's wedding march pealed forth and the ushers, Aaron Burr Shafer, J. Husted Metzgar and Billy Cole, entered, followed by the ring bearer, little Dorothy Holmes, wearing a frock of delicate pink and carrying the ring on a dainty white silk cushion. Miss Dixie Perkins, the maid of honor, came next in or-

PICKING GREENS

I had lost my heart for living
With some most enchanting dreams,
And I found them in a pasture
When I went there hunting greens.

There the old earth smiled to greet me
As she looked up in my face
And that smile adorned her features
With a wondrous, youthful grace.

And she said, "These golden blossoms
Are but earnest of my wealth,
Follow them and they will guide you
To the bliss of perfect health."

Here are flowers for the culling
Blue as heav'n and just as true,
Take them with you and my blessing
Where the hard world waits for you.

So I pass the word to others
Who are weary of the race
In the treacherous, crowded highways,
Where so many wrongs have place.

When you see your soul in chaos
And your work's distracting scenes,
Go to find your heart for living
In a pasture, picking greens.

—Belle Willey Gue—

der and was gowned in shell pink taffeta and wore a picture hat to match, trimmed with an orchid colored plume. She carried a French bouquet in which were blended many delicate pastel shades.

The bride advanced down the aisle with her father. She wore a girlish dress of heavy white silk, richly trimmed with delicate lace. The crowning feature of her costume was a close-fitting white toque of silk and shiny braid, from which fell a veil of real lace as sheer as a cobweb, reaching just to the shoulders. She carried a shower bouquet of orchids, white roses, sweet-peas and fern, the streamers falling almost to the hem of her dress.

The bride was given by her father into the keeping of the groom, who stood waiting at the altar, his attendant being his cousin, Wilbur Getty.

Graceful white baskets of mountain lilacs, peach blossoms, Cherokee roses and white iris, with a gentle sprinkling of feathery fern fronds and pink tulip bows appearing on the basket handles, graced the entrance to the altar and provided an ideal setting for the ceremony, which was performed by Rev. W. L. H. Benton, rector of the church.

As the bridal party left the altar, the organist played the Mendelssohn march.

A reception at James' for about 150 relatives and friends was held shortly after the ceremony, those in line to receive the guests being Mr. and Mrs. Scott, parents of the bride; the bride and groom; Miss Dixie Perkins, maid of honor; Wilbur Getty, the best man; and Miss Josephine Scott, the bride's sister.

After the reception, Mr. and Mrs. Dale left for a short stay at the Mission Inn at Riverside and later they will go to Palm Springs for a week's stay. San Diego will also be visited, at which place Mrs. Dale's parents will join them for the return trip.

Mr. and Mrs. Dale will live at the Coulter Apartments on South Birch street upon returning from their wedding trip.

The bride is one of the most popular members of the younger set of this city, although she has made her home in Los Angeles for several years, having completed a course of training in the California Hospital. After graduating, she occupied the position of head surgical nurse in the California Hospital for six months, resigning her position for overseas duty. However, the armistice was signed about this time and she became the assistant of Dr. Gravelle MacGowan, one of the leading surgeons in Los Angeles, resigning this position the first of the year to prepare for her wedding.

The groom, who is extremely well thought of in this city, is in the hardware business with his father and is a member of the Elks lodge and the Orange County Country Club. Both the bride and groom are graduates of the Santa Ana high school and have been friends for years.

Many beautiful and appreciated gifts were received by the happy couple from their hosts of friends who wish them great future happiness and prosperity.

Those present were: From Los Angeles, Mr. and Mrs. Cecil Randolph, Lute, W. H. Thomas, Luther L. Brodeur, Joe Babbitt, W. W. Warren, J. Woodson, Ralph Cadwell, Geo. Campbell, F. J. Catland, Dr. and Mrs. H. N. Rice, Dr. and Mrs. Granville MacGowan, Dr. and Mrs. Wilbur B. Parker, Dr. Harry Van Fleet, Geo. Davies; Mrs. Maude Heintz, Mrs. Florence Shaw, Mr. and Mrs. May, Mr. and Mrs. Cecil Grigsby of Fresno; Mr. and Mrs. O. C. Cadwell of Long Beach, and the Misses Fallon, Bernice Day, Gardner Pratt, Bryce, Garrison, Bass.

A RAW, SORE THROAT

eases Quickly When You Apply a Little Muterole.

And Muterole won't blister like the old-fashioned mustard plaster. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out the soreness and pain. Muterole is a clean, white ointment made with oil of mustard. It is fine for quick relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds on the chest. Nothing like Muterole for croupy child.

Keep it handy for instant relief. 30c and 60c jars; hospital size \$2.50

WILL NOT BLISTER

Old Clothes Drive for Armenians Commences Today

This week a drive for old clothing, cloth scraps, gunny sacks and shoes for shipment on a relief ship going to take aid to suffering Armenians is being conducted through the Junior Red Cross of Santa Ana chapter, American Red Cross.

The children of Santa Ana and near-by schools are joining in the drive. Anyone having any material suitable for wear or making over garments should send the articles to some schoolhouse, either in or near Santa Ana this week.

Donations must be in this week as the women of the Parent-Teacher Associations expect to pack Monday and Tuesday, March 14 and 15.

City and County Briefs
Mrs. Laura Murray, secretary of the city water department, who has been confined to her home for several weeks suffering from an attack of influenza, returned to her duties at the City Hall today.

Mr. and Mrs. Ralph French, of Fullerton, a bride and groom of but a few hours, were patients at the Los Angeles Receiving Hospital Saturday night, being treated for minor ailments, when their machine collided with a wagon a short distance from the city.

The Balboa Chamber of Commerce will hold its first annual meeting and election of officers at a banquet to be given Wednesday evening, March 17, according to an announcement made today by W. L. Jordan, secretary. Despite its youth, the Balboa chamber has 175 members. The organization took an active part in the carrying of the \$500,000 bond election for Newport Harbor improvement.

Judge W. H. Thomas, of Santa Ana, justice of the Second District Court of Appeals, was the speaker at the monthly meeting of the San Gabriel Valley Chambers of Commerce last week. He declared the United States of America to be suffering from the bad citizenship of good men. He said that he was almost in favor of enacting a law making it compulsory upon voters to exercise their right of franchise, or, in failing to do so, force them to stop criticism of the government.

Calvin J. Armstrong, arrested several days ago in Los Angeles on "suspicion of burglary," has been released from custody, having satisfactorily explained the presence in his room of several stolen articles. These were left in Armstrong's room by a man whom he befriended, having allowed the stranger the use of his room. Armstrong is an ex-army officer. His wife lives at Garden Grove.

City Marshal Jennigan has been asked by the Pacific Review Publishing company to be on the lookout for an alleged bogus subscription salesman who is now operating in Southern California cities. The man is said to work under the name of Carl Anderson, using both receipts and personal cards containing that name. The circular describing Anderson says the man does not insist on cash payments but will accept checks made payable to the company. He will then, it is alleged, cash these at the bank by endorsing them with the name of the company and signing his name as agent. Anderson is described as being 5 feet 7 inches tall, weight 160 pounds, small, dark, and complexion fair. He is said at times to use the name of Stanley Porter.

Queen Esther Meets
The Queen Esther Circle of the Methodist church met at the Kolkhorst residence, the hostesses being the Misses Frank Kolkhorst and Jean Dennis. The rooms were prettily decorated with red roses and ferns. The regular business meeting was held and a program was given, as follows:

Two readings about the Japanese missionary work were given by Jean Dennis and Dorothy Barber, several dialogues by Audrey Isabel, and piano solos by William Kolkhorst, Jr.

A surprise birthday cake, adorned with pink candles, was presented to Mrs. Frank Pruitt, who is superintendent of the Girls' Missionary Society, whose pleasure it was to cut the cake, everyone receiving a piece and a favor. After a social time, refreshments of fruit salad and sandwiches were served by the hostesses.

Keep Smiling Circle
The Keep Smiling Circle of the Westminster Guild of the Presbytery of Los Angeles met at the home of Mrs. Parker Robertson. The members present were Dorothy Carpenter, Virginia Showalter, Dorothy Youngs, Catherine Johnson, Helen Stowell, Esther Jennings, Ida Michal, Marguerite Cruikshanks, and Mrs. Jennings and Mrs. Stowell were guests of the Circle. Helen Stowell read the Scripture lesson, and Ida Michal and Marguerite Cruikshank gave an account of the work in Korea. Esther Jennings appointed the following to prepare the next meeting: Bessie Carpenter, devotions; Bessie Youngs and Virginia Showalter, refreshments; Ida Michal, amusements; Marguerite Cruikshank, program.

After a social time, refreshments were served by Catherine Johnson and Ida Michal.

Birthday Party at Dollard Home
One of the recent parties of importance was in the home of Frank Dollard, 713 East Palmyra, in honor of E. V. Hoffman. The children, grandchildren and friends helped in the celebration. Those present were J. W. Huffman, Mr. and Mrs. John Lantz and family, Mr. and Mrs. Ed Strickland, Mr. and Mrs. Joe Anderson and family of Santa Ana, Mr. and Mrs. Otis Baker and son, and Mrs. Frank Dollard and sons, and Mrs. George Dollard and daughter. E. M. Huffman and family were unable to attend on account of sickness.

PERSONALS

Miss Isabel Lopez spent Sunday with Mr. and Mrs. J. A. Long and family at Montebello.

Rev. Father H. Eummelen, pastor of St. Joseph's Catholic church, returned home last evening from his eastern trip, a week ahead of the time he was expected. He visited well-known Catholic educational institutions while absent. Rev. Father Filibert, who took his place, returned to Los Angeles this morning.

Mr. and Mrs. O. M. Friend left yesterday for their home in Hannibal, Mo., after a week's visit at the home of Mrs. E. E. Pruns.

Mrs. Mary M. Forbes returned today to her home in Artesia after spending the week-end with Mrs. John Rudolph, 724 Garfield street.

Mr. and Mrs. George W. Young, Mrs. W. O. Hill, Mrs. Mollie Tyrrell and Mrs. Wells motored to Los Angeles for the day.

BIRTHS
SCHILDMEYER—At Santa Ana hospital, Mar. 7, 1920, to Mr. and Mrs. Oscar A. Schildmeyer, a 9½ pound son.

DEATHS
EAN—In Garden Grove, Cal., March 7, 1920, Rinko Ban, aged 4 years, daughter of Rev. and Mrs. T. S. Ban.

Funeral services were held this afternoon at the Alamos Friends church, under the direction of Mills & Winbiger.

CHESLEY—In Rawlins, Wyoming, Feb. 22, 1920, to Mr. and Mrs. B. M. Chesley, formerly of this city, a five-pound daughter.

TODD—In Santa Ana, on March 6, 1920, Frank S. Todd, aged 33 years.

Funeral services will be held Tuesday, Mar. 9, at 2 p. m., at the United Presbyterian Church, with Smith and Tutthill in charge.

NOTICE TO REDMEN.
All members and candidates are requested to be at the Wass Auto Company, 117 E. 5th, at 6 P. M., Wednesday evening. Bus will leave for Pasadena at 6:30 sharp.

Enclosed cars, day or night, city or country trips. Crown Stage Co. Phone 925.

WANTED—Everybody to come to I. O. O. F. Dance, Tuesday, Mar. 9, Good Music. Organ's Home Benefit.

LETTUCE GROWERS SUFFER
Lettuce growers in the Imperial valley are said to have suffered a loss of approximately \$2,500,000 during the present season, and it is reported that they are daily receiving returns from shipments that have been sold for less than the freight charges. The loss has been attributed partly to cold weather in the east, and partly to lack of proper distribution.

NOT A THEORY
It's a fact that the use of alcohol even in moderate doses as taken in tonics is often habit-forming in effect.

SCOTT'S EMULSION
an easily assimilated tonic-nutrient supplies the body with those elements that contribute to strength. Free from alcohol or any other harmful element, Scott's builds strength by nourishment.

Former machine gunners of the Three Hundred and Sixty-fourth Infantry, Ninety-first Division, and their families are to have their first "get-together" on Sunday, March 21. They will have a basket picnic and general frolic at Sycamore Grove, Los Angeles. So far as is known, William Wollaston, son of Mrs. L. M. Wollaston, 642 North Ross street, is the only Santa Ana boy who served with this "suicide club" as it was known in the army. Wollaston is now located at Stockton.

The El Modena School will provide entertainment and music at the Farm Center Meeting, this evening, at 7:30. A Farm Bureau speaker will discuss "When to turn under the cover crop."

Announcement is made that W. G. Hagen had sold his interest in the Orange Realty Company to his partner, G. G. Richards, formerly of Santa Ana. Mr. Hagen retired from the firm to take over the management of the service station which he built recently at the corner of Cypress street and West Chapman Avenue.

CARD OF THANKS.
We wish to thank our friends and neighbors for the beautiful flowers that were sent our dear one during her illness and also for the flowers and words of love and sympathy at the time of her death.

WILLARD I. CAIN

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

PENDULUM HELD BEST MEASURER OF TIME

NEW YORK, Mar. 8.—As a measurer of time the pendulum ranks today as the most perfect of our instruments, says the Scientific American. It is the part of a clock that keeps time. All the rest of the mechanism is simply for the purpose of keeping up its vibration or to point on a dial the number of vibrations it has made. It swings back and forth in a complete arc thirty times each minute, but allows the escape wheel to move a cog at each double vibration, thus checking off on the dial, by means of the second hand, sixty seconds of time. In a similar way, minutes and hours are recorded, and by a like process a watch is guided.

NOMINATE WILSON BY ACCLAMATION—LEWIS
KANSAS CITY, Mar. 8.—Nomination of Woodrow Wilson by acclamation at the National Democratic Convention was predicted by former United States Senator James Hamilton Lewis of Illinois in an address before the Missouri Democratic Women here.

"Be not surprised," Mr. Lewis said, "if the Democratic convention—despite anything the President wishes—seeing that the issue of any candidate must be the things done by Wilson—shall, after complicity in the nomination, name him by acclamation. Woodrow Wilson, as the embodiment of all that the issues of the coming campaign represent."

BIRTHS

ACTION AGAINST LONG BEACH OFFICIAL

John D. Seerie, commissioner of public work of Long Beach, is charged in a complaint filed with Judge Cox today with reckless driving of an automobile. The complaint is the result of a collision on the evening of February 28, between the machine driven by Seerie and a horse and buggy driven by J. B. Nankevis of Westminster. The accident occurred on the Seal Beach boulevard between Westminster and Seal Beach.

According to Nankevis, the accident occurred when Seerie attempted to pass another machine while driving in the direction of Seal Beach. Nankevis says he was driving along well to the left-hand side of the road in the direction of Westminster when Seerie's machine crashed into his horse and buggy. The horse was seriously injured and may have to be killed and the buggy was reduced to wreckage. Nankevis says he was thrown from his seat by the force of the collision, but was uninjured.

Nankevis intimated to Deputy District Attorney Neison that the accident will probably result from the accident.

FISHING LICENSES ARRIVE

County Clerk J. M. Backs today announced that a supply of the 1920 fishing licenses has been received from the State Fish and Game Commission, and that Orange county anglers can now secure the licenses from the deputies appointed in each town in the county for their distribution.

FILES AMENDED COMPLAINT

An amended complaint in the action of K. Yanai against E. G. Stinson, tractor sales agent, was filed today with the county clerk. Yanai is asking for \$1151.00 damages, alleging that sum to be due from Stinson, from whom he purchased a tractor in 1918. This sum was paid Stinson, but when the tractor was found to be unsatisfactory it was returned and Stinson has failed to return the money paid on the machine.

MRS. STOCKTON MAY ASK FOR NEW TRIAL

Indicating that a new trial of the \$50,000 damage action of Mrs. Cener A. Stockton against the Southern California Edison company is to be asked, a stipulation was filed with County Clerk Backs today by Mrs. Stockton's attorneys extending the time in which the plaintiff may serve and file affidavits on motion for a new trial. The case was recently heard by a jury in Judge Williams' court which returned a verdict in favor of the defendant company.

Mrs. Stockton is asking damages for the death of her husband who was killed several months ago at his home near Smeltzer when he attempted to disconnect a telephone which had become highly charged as a result of a high voltage wire of the Edison company falling across the telephone wires. Mrs. Stockton is administratrix of her husband's estate.

WILL HEAR EDISON PETITION MARCH 25

Notice of hearing on the application of the Southern California Edison company for an order establishing just and reasonable rates for the sale of electricity was received today by County Clerk Backs from the State Railroad commission. The hearing will be held Thursday, Mar. 25, at 10 a. m., before Commissioner Ederton in the railroad commission offices in the Union League building, Los Angeles.

JAPANESE LEAVES \$22,740 ESTATE

Kamesaburo Ochi, a Japanese, who died at Garden Grove on September 28, 1918, left an estate valued at \$22,740, according to the report of Inheritance Tax Appraiser John N. Anderson filed today. The property went to Yonetaro Ochi, the eldest son of the deceased. The inheritance tax has been fixed at \$84.90. Anderson also filed a report showing the value of the estate left by Donald Hilliard, a minor, who died recently, to be \$7500. The estate consists of an undivided one third interest in a ten acre orange grove in the Stafford and Tustin tract.

SIGNS TO BAR BAD PARKING ORDERED

Within a few days the use of "no parking" signs at principal downtown corners will be adopted by the city in an effort to stop the present large number of unintentional violations of the parking ordinance. City Marshal Jernigan today said the adoption of these signs was made necessary because of the conflicting marks at several prominent corners.

Since strict enforcement of the ordinance was undertaken, several arrests have been made, and in most cases violation of the ordinance was not intentional but was due to conflicting marks. When this fact was discovered Jernigan issued orders against making arrests at points where the markings were in conflict.

At several corners the lines running parallel with the curb extend clear to the corner, whereas they should stop at the last stall where machines park at an angle, or about 20 feet from the corner where machines park along the curb. These lines extending to the corner make it impossible for the driver of a machine to interpret the meaning of the markings and naturally many arrests have resulted.

Street Superintendent Hoy has already ordered the "no parking" signs it is said, but he has been ill for several days and has been unable to see to the placing of them. It is expected, however, that he will be out in a few days and the signs will then be put in place.

DESCRIBE ROME'S MAIN THOROUGHFARE

The Broadway of ancient Rome was in its time not less famous than the principal thoroughfare of New York. It was called the Appian Way, and along it flowered all that was most interesting and picturesque in the life of the imperial city. Thronged by chariots and the vehicle of fashion, it was the favorite promenade of the idle rich. Over its smooth pavement successful generals, to whom had been granted the proud privilege of a triumph, led their returning armies, with hosts of unhappy prisoners of war.

The Via Appia, however, was much more than a city street. It was the metropolitan terminus of one of the great Roman military roads. Begun in 312 B. C., it ran through one of the great city gates southward to Lower Italy—to Capua, Tarentum and beyond. One mile beyond the gate was the magnificent Temple of Mars.

Along the thoroughfare today are ruins of once beautiful buildings that resemble those of Northern France and Belgium. And no wonder, inasmuch as their destruction was wrought by barbarians who were the ancestors of the present-day Germans. But the great road, like others of Roman origin, extending over most of Europe, remains a wonderful monument to a bygone civilization.

BARNES CLOWNS ONCE PLAYED SHAKESPEARE

All the tents, elephants, animals and red wagons in the world would not make a circus if the clowns were not there to make the thing complete. So long as there are circuses, there must be clowns. The clown is an institution. With a keen realization of the clowns' value, Al G. Barnes' Big Four-Ring Wild Animal Show, which will be here Wednesday, has made its clown department this year bigger than ever before.

Thirty was the show's maximum number of clowns with the circus up to this season now there are forty funny men, and there is hardly a moment during the entire performance when there isn't a clown "stunt" in some part of the arena. Many of the Barnes' clowns have appeared in legitimate drama and two of this year's company were Shakespearean actors.

200 DOGS IMPOUNDED AT BEACH IN A WEEK

SANTA MONICA, Mar. 8.—Edward McNeal has been official dog catcher for Santa Monica less than a week and during that time has impounded more than 200 dogs. City Treasurer Townsend says there have been more licenses issued this week than there was for any whole year previously. Captain Clarence Webb, head of the Santa Monica police department said that his life has become a burden listening to the complaints made against the dog catcher by those whose dogs have been picked up.

For Hair And Skin Health Cuticura Is Supreme

The majority of skin and scalp troubles might be prevented by using Cuticura Soap exclusively for all toilet purposes. On the slightest sign of redness, roughness, pimples or dandruff, apply a little Cuticura Ointment. Cuticura facem soaps and cools the skin and overcomes heavy perspiration. Delicate, delightful, distinctive.

Sample Pack Free by Mail. Address: "Cuticura Laboratories, Dept. 979, Malden, Mass." Sold everywhere. Soap 2c. Ointment 10c. 6c. Tubes 25c.

Cuticura Soap shares without mug.

Seamen Fight Python Aboard Liner As Passengers in Panic

SAN FRANCISCO, Mar. 8.—Life on Noah's Ark could not have been more eventful than the voyage of the Pacific mail's liner Santa Cruz, which arrived yesterday.

While on the high seas, Marie, a 40 foot python escaped from its crate. While terrified passengers locked themselves in the state rooms, seamen battled for two hours and finally caught the serpent by means of nooses and block and tackle.

Then a monkey escaped, and is still in the rigging.

The liner brought 300 monkeys, two Indian cranes, an orangutan, four pythons and two bears.

THE "GET JOHNSON" CROWD "ROOTING" HARD FOR HOOVER

In the Eleventh congressional district, of which Riverside county is a part, there will be some lively interest in the contest for the national convention delegates. Several months ago a conference of Johnson men was held in Riverside, representing Orange, Riverside and San Bernardino counties and names of two possible delegates, one from Orange county and the other from San Diego, were selected to make the fight for places on the California delegation for Senator Johnson for president. That was before there was much activity in behalf of Herbert Hoover.

It is now practically assured, however, that there will be at least two Hoover delegates' names placed on the primary ballot in this congressional district. Two well known Hoover Republicans whose names are prominently mentioned are C. C. Chapman of Orange county and Mr. Marston, well known merchant of San Diego.

It has also been suggested that a Hoover for President gathering be called at some convenient location in the Eleventh Congressional district at an early date to discuss the names of possible Hoover supporters to go to the national convention.

CHILD INSTITUTE GETS ENDOWMENTS

PARIS, Mar. 8.—The Institut de Puériculture, under the direction of Professor Pinard, internationally famous as an advocate of reeducation, has received here with an endowment of 2,500,000 francs from the American Red Cross.

The Institut is designed to be one of the largest baby welfare centers in the world and will be run along model lines for the purpose of instruction and advice to similar institutions all over the world.

Every recognized principle of sanitary science, for the physical and moral development of their children will be taught to the mothers. Expectant mothers will be admitted to the classes and a new departure will be made in this line of work by continuing the instruction from the prenatal stage until the child is 15 or 16 years old.

The large buildings until recently used by the Edith Cavell hospital, founded by the Association of French War Nurses, will provide a temporary home for the institute.

CENTENNIAL OF MISS NIGHTINGALE

NEW YORK, Mar. 8.—Florence Nightingale's spirit will reorganize American nursing in 1920, just as the revered woman herself, in the years following the Crimea, laid the foundation for modern war relief.

As a feature of the celebration of the centennial of the birth of the Civil War nurse—May 12—a prize of \$500 has been offered by the Illinois Council for Nursing Education for the best three-act play by an American author based on incidents in the life of Florence Nightingale. Announcement of this contest was made here today by Miss Ella Phillips Crandall, executive secretary of the National Organization for Public Health Nursing.

The centennial, designed to encourage recruiting for the nursing profession throughout the country will be celebrated in all the larger cities of the nation by public meetings, pageants and formal ceremonies according to Miss Crandall.

"It is a particular happy circumstance that the centennial should come this year, when, as a result of the world war and two disastrous epidemics, the nursing profession has been burdened by unprecedented responsibilities, thus opening up vast new fields of service," said Miss Crandall. "The spirit of the great nurse, as exemplified on the stage, will bring into the profession many high-class recruits."

Pointing out the present need of nurses, Miss Crandall said that while there are now only 8,000 public health nurses in the entire country, more than 50,000 are required by state and federal legislation either passed or pending.

SCHOOL AND HOSPITAL BONDS TO BE VOTED ON

REDLANDS, Mar. 8.—Redlands is to be called on to vote in two bond elections in the near future. The school trustees have issued a call for an election on March 26 to vote \$185,000, to be used in building an intermediate school building. It is to have ten classrooms and three other rooms and all equipment.

The people are also asked to vote bonds in the sum of \$150,000 to buy land and equip property for a hospital. It is planned to build a new building to accommodate about fifty beds, all in rooms, no wards. The City Trustees have not decided when the call will be issued.

MINISTRIES OF ANGELS TO BE SUBJECT

Tomorrow night, Tuesday, March 9, an illustrated lecture entitled "Angelic Ministries" will be delivered at the First Christian church by Rev. F. T. Porter. There will be no charge for admission but an offering will be accepted.

There are two objects in the lecture. One is to provide an answer to the many questions that have been asked in the minds of humanity through all ages regarding the angels that are mentioned so frequently in the stories of the Bible. Another object is to provide a bit of money to pay for some books that have just been bought. These books are to be used in an evangelistic meeting which is scheduled for a later date.

This lecture has been delivered in many cities in the west and throughout the central states and everywhere it has brought out a great volume of favorable comment. Perhaps the following comment by Shelby Hancock, of the Park Christian Church at New Albany, Ind., will give a clear idea of what the people think who have heard it.

"Subject of Great Interest

"Among the subjects that have been of interest to men throughout the world's history there is probably none that has engaged the thought together with the speculative and imaginative faculties as has the subject of Angels. 'Angelic Ministries' is a lecture prepared for the express purpose of satisfying this human longing for knowledge of beings of another sphere.

"Adhering strictly to the Scripture references it weaves them into a most fascinating and delightful presentation illustrated by the most beautiful pictures imagination has been able to suggest to fertile minds of what those beings must be could we but discern them with our human sight.

"I have listened to this lecture time after time but find the illustrated story of even greater interest every time I hear it.

"To those who have any longing for a clearer vision or any interest in other than human agencies and their powers for good or evil, and I believe that includes every rational human being, this lecture prepared and presented by F. T. Porter in his own forceful and pleasant manner, will come as water to those who thirst; as food to those who hunger; as music to those who love harmony."

There will be special music during the lecture.

TALBERT, Mar. 8.—R. P. Mitchell, county superintendent of schools, was at Talbert Wednesday in conference with the three trustees, Mrs. A. F. Swift, Robert Wardlow and Harry Fulton, concerning the proposed new school building for the Fountain Valley district. The meeting was held at the school house and the date Saturday, April 3, decided upon for the voting of the proposed bonds, and notices to this effect were posted. Twenty-four thousand dollars is the district limit of bonded indebtedness, any larger amount having to be obtained by special tax levy. It is thought \$24,000 will be put into the building, which will be a three-roomed structure.

Road work on the road by Robt. Gislser's place has been going on the past week.

A house was moved the past week from Robert Gislser's ranch to the Jepson ten acres north of Talbert. It is understood the new owner, a Tustin man, contemplates moving to the ranch as soon as school closes.

Again Planting Beets

S. E. Talbert is again planting beets this week, a forty acres on the Wintersburg road being put in. Talbert's ninety-three acre beet field on the home ranch is up nicely now and the stand is good.

Robert Gislser has resumed beet planting.

J. H. Culver has a thinning crew in his beet field this week. About twenty acres are now in proper condition for thinning.

Visitors From Stockton

Mrs. Marie Smith, a sister-in-law of Mrs. H. Lacabanne, arrived Friday from Stockton and was a guest until Monday at the Lacabanne home, where her daughter, Nellie Smith, is spending some time.

On Sunday Mr. and Mrs. Lacabanne, Mrs. Smith and Miss Nellie were entertained as guests for the day at the R. Courages home on the same party were Miss Lupe Ramirez, a sister of Mrs. John Courages, and Henry Landin, both of whom are from Los Angeles. Mrs. Smith departed Monday upon her return trip to the north.

Guests at Parsonage

Rev. and Mrs. J. J. Woodson have been delightfully entertaining Mr. and Mrs. Pike and daughter, Miss Marguerite Pike who were here from Uplands as guests at the parsonage. On Wednesday the day was spent by the two families on a pleasant trip to Long Beach and San Pedro. A boat trip between the two beach towns was taken and greatly enjoyed by Mr. and Mrs. Pike and daughter, to whom the experience was novel, they being recent arrivals here from Kentucky. Thursday another pleasant day's outing was spent on a motor trip to Los Angeles and Pasadena.

Mr. and Mrs. S. E. Talbert drove to Orange County Park Thursday evening and visited at the home of his sister and brother-in-law, Mr. and Mrs. Irvine.

Miss Myrtle Culver resumed her duties as teacher of the intermediate department of the Westminster school on Monday. A two weeks' enforced vacation had been had on account of the influenza epidemic and the illness of the primary teacher.

Mrs. Perry Wells, who has been very sick with influenza, sat up for the first time Wednesday and was able to be about the house Thursday. The two boys, who were also ill, have been up for several days, having recovered quite rapidly. Mr. Wells luckily escaped taking the disease and he cared for the three during their illness.

Mrs. J. H. Culver, Mrs. Robert Gislser and Mrs. Samuel Gislser were among Talbert ladies, who enjoyed the hospitality of the girls of the Huntington Beach high school on "Mothers' Day" Thursday.

Build New Barn

The Swift Bros. are busily engaged on work connected with the building of their new cow barn. The forms for the cement foundation are at present being made.

Mr. and Mrs. Chas. Ward were in Compton Saturday in attendance at the funeral of an old friend. They remained over night and Sunday as guests at the home of Mr. Ward's brother, N. Ward, who resides at Compton.

S. E. Talbert has completed the work on the Huntington Beach athletic field, on which he had men and teams employed for some time.

PRICE REACTION IS SEEN BY DUN'S TODAY

NEW YORK, Mar. 8.—Dun's today says:

"Some of the week's developments, the sharp recovery of sterling exchange and the return of the railroads to private operation have influenced business sentiment favorably, and the multiplying evidences of commodity-price reaction mark a more wholesome condition.

"That the prices in general are under a greater measure of restraint, a comprehensive list of wholesale quotations has clearly demonstrated and actual yielding has appeared in some quarters where buoyancy had been the long outstanding feature. Such tendencies as these, if disappearing to some interests, are only what might have been expected to follow the great rise of prices that occurred during the war era and afterward.

Not a few buyers, quick to sense the change in some markets and believing that the price readjustment will carry further, are confining their commitments within the closest possible limits.

Weekly bank clearings, \$8,321,490, 028.

VILLA HOLDS YANKEE FOR \$50,000 RANSOM

WASHINGTON, Mar. 8.—Francisco Villa is "on the war path" in Chihuahua, according to official dispatches received here today.

On March 4 he captured a train near Chihuahua City, kidnapped 30 Americans, an American engineer, and made a speech threatening to take other trains and towns in that section at will, a state department message received today said.

A report from El Paso said Williams was being held for \$50,000 ransom. A few survivors reaching Juarez stated Villa's band of over 300 well mounted and well armed followers killed 20 soldiers of the train guard, two Mexican trainmen and several Mexican passengers. After robbing the passengers and burning the train Villa carried away Williams, an Arabian named Hasar, according to the passengers.

An unfathomable feature of the survivors' story was "What motive in permitting Robert J. Peltier, of Nogales, Ariz., a passenger, to go free after condemning him to be shot."

BIDS JUMP 50 PCT. WITHIN PAST YEAR

SANTA MONICA, Mar. 8.—The school board today received a contract bids for the construction of the Greek Theater for which Santa Monica citizens voted \$30,000 in bonds at a recent election. All the bids were rejected as the lowest among them was for \$45,000. Superintendent of Schools H.M. Rebok declares that the matter will be deferred, but that the open air theater, which is to be a memorial to Santa Monica's soldiers, sailors and marines of the World War, is a certainty.

The school board stated that the expense of building the theater has not been raised, but that the price of bids has risen 50 per cent in the last year. The architects bidding for the building contract declared that they were basing their increased charge on the fact that workmen are demanding \$12 a day for much work involved in the construction.

WOTE APRIL 3 ON SCHOOL BONDS OF \$24,000

TALBERT, Mar. 8.—R. P. Mitchell, county superintendent of schools, was at Talbert Wednesday in conference with the three trustees, Mrs. A. F. Swift, Robert Wardlow and Harry Fulton, concerning the proposed new school building for the Fountain Valley district. The meeting was held at the school house and the date Saturday, April 3, decided upon for the voting of the proposed bonds, and notices to this effect were posted. Twenty-four thousand dollars is the district limit of bonded indebtedness, any larger amount having to be obtained by special tax levy. **Ten Years
Younger Than
His Years**

Doesn't it make you feel
good—cause you to straight-
en up and feel "chesty"—
when someone guesses your
age at ten years or so
younger than you really
are? You look into your
mirror, smile with satisfac-
tion and say to yourself:
"Well, he didn't make such
a bad guess, at that."

The point is: You're no
older than your vitality.

If a man is strong, vigor-
ous, mentally alert, fine and
fit at 50 he has a better
chance of living up to 80
than a man of 30 who is
weak and run-down has of
living up to 60. While none
of us can stay the years nor
stop time, we should all
make an heroic effort to suc-
cessfully resist the effects
of time by ever keeping our
vitality at par.

When you sense a feeling
of slowing down of your
physical forces—when your
stomach, liver, kidneys and
other organs show signs of
weakness—when you notice
a lack of your old time "pep"
and "punch"—in other
words, when you feel your vitality
is on the wane, you should com-

mence at once to restore your energy,
strength and endurance by taking

LYKO

The Great General Tonic

This master body-builder will help
you keep young in spirit and mental
and physical action, because it will
assist Nature in maintaining your vitality at par.
It enriches the blood, restores worn-out tissues,
soothes jangling and over-wrought nerves, in-
duces sound refreshing sleep, sharpens the ap-
petite, tones up the digestion—in short, will put new
life, new vigor and new vim in
every fibre of your body.

You will be
surprised how
much better
you'll feel after
taking a treat-
ment of LYKO
if you are tired
and worn out,
nervously and
physically ex-
hausted. It's
a mild laxative
— keeps the
bowels in fine
condition. Get

REVIVAL OPENS AT SPURGEON MEMORIAL

(Continued from page seven)

Our relative failure is due to other causes. We lack willingness, anxiety, conscience, and a sense of our great responsibility. The unconverted world is hard, but nothing softens their hardness like the burning of the church's barriers away. The elimination of purely formal worship, carnal pride, unreasonable criticism, inconsistency, indifference, worldliness and aversion to real spirituality is the avenue to the unsaved.

"There should be in the professed Christian something pre-eminently attractive to the sinner. A real manifestation of the power of religion will draw on the masses and create hunger in the heart of the unsaved. The sinner has a right to see how the Gospel works on you church people. It will take a saved church to save a lost world."

The night sermon was a stirring appeal to the unsaved, and the intense and sustained interest with which the sermon was listened to indicated the power of the Kentucky evangelist to hold an audience. His vocal ability was manifested not only in the range of his material and the content of the sermon, but in his rapid transition from the lighter vein to the serious side. He had his audience at times convulsed with laughter and then there were moments when one could have heard a pin drop.

These Are From Facts of
World, Avers Rev. Wardle

Following is an extract from a sermon preached yesterday by Rev. W. H. Wardle at the Presbyterian church at Westminster:

"There are four facts of the world (not four world facts), which are of first importance. We say, 'Facts are stubborn things,' meaning we cannot evade truth, issues or results and shall reap just what we sow, etc. What are these four facts of the world, inescapable and momentous?"

"1. The birth (incarnation) of Jesus Christ. This is fact of history, of individual importance. The world has never been the same since. It was the supreme witness of God's love for a fallen race. Human helplessness was met by God's marvelous plan wrought out in the place of human abode. The sunlight of heaven streamed upon the black depths of earth. History has changed, man has been freed, his salvation has been assured.

"2. The death of Jesus Christ. He Himself was no exception to the fact of death. Was Satan victorious? Sin triumphant? Did here end human hope? No! Jesus forgave it. He lived under its deepening shadows, marched and faced it. Why? The question of sin had to be met, settled. This was the black fact of the ages. God's law had been broken, love spurned, peace gone, justice violated. Penalty must be met, paid. He paid full penalty on the cross, by being made sin for us, Himself sinless. He made peace by the sacrifice of Himself and thus salvation for every believer was assured.

"3. The resurrection of Jesus Christ. Here is fact of history, proof that death does not end all, certified by the Son of God. Here is surprise for Satan, for Jews, Romans, even disciples of Jesus. He said He would rise again. He kept His promise, and the crowning act of God's power was seen.

"4. The ascension of Jesus Christ. He said He was going away. The disciples witnessed His departure. He left behind His birth, death, resurrection and now He passes from their sight.

"These facts cannot be evaded. They are of first import for each of us. They are the touchstone of action, life, destiny. In the historic Mohawk Valley, in New York state, is a sign, 'I am the Way, the Truth, and the Life.' Without the Way there is no going. Without the Truth there is no knowing. Without the Life there is no living."

Search for God Is Held
Life's Greatest Adventure

BY P. F. SCHROCK
(Pastor First Congregational Church)
Sermon topic, "How Men Find God."

"A man finds God as he finds an earthly friend," says Harry Emerson Fosdick.

That is, the finding of God is the result of an adventure, the adventure of faith. Life is an adventure and life's richest possessions are the result of adventure. A friend is one of these rich possessions. We do not get a friend by sitting down in solitude and reasoning and philosophizing about friendship. In our adventures among the people of the world we are now and then drawn to a particular person and we have found a friend.

Religion is life and therefore is an adventure also. The great adventure is the search for God. He is found, not by sitting in solitude and reasoning about the philosophical necessity for a Supreme Being but by making the great adventure of faith.

In other words, the only God that is of any value to the individual is the one who is found through the experience of that individual. To have God be real and vital we must experience Him for ourselves. We must hear for ourselves and know that he speaks to us. We must feel for ourselves and know that He comforts us. We must be inspired our selves to know that He inspires men.

Calvary in its importance and fundamental relation to the race. It means the beginning of a new era, and the validation of all the promises of God. The work of the Holy Spirit is fundamental to all race improvement. He called some of the best pastors and preachers out of the pulpits to help clean the social life in making this nation free of the saloon. His humanizing ministry was back of the successful no-slavery movement. He is the one essential force cleaning up the "red-light" district of our cities. He who has power to cleanse the affections, can set and guarantee the standards of sex purity.

We say the physical is the basis of our existence here, but is it? Our parents were out of harmony with the material world through sin. It was the Spirit who kept them right in the garden of Eden. When we come to the consciousness that this body is the temple of the Holy Spirit, we come to realize new and holy relations of bodily existence.

No man can intelligently question the plan and purpose of God for the world till he has submitted himself to the authority of the Spirit, and the ultimate purpose of God can not be sensed at all till we obey him. Pentecost brought the disciples into the obedience of the Spirit and the plan of God began to develop through their lives, and the kingdom program began to unfold itself in individual and social life.

The Spirit linked the two dispensations together in John, and He empowered and glorified the ministry of Jesus. He is the author of the Acts of the Apostles, and there would have been no Methodist church without him.

Bishop Berry says we have come to look for Pentecost at the close of the revival, but we must come again to realize that Pentecost is the very beginning and foundation of every revival, and of Christianity itself. The spiritual redemption of the world is in the manifestation and work of the Holy Spirit.

Parental Opportunity Topic
In Rev. Kennedy's Sermon

"Parental Opportunity and Obligation" was the theme of the sermon at the United Presbyterian church yesterday morning. The pastor, Rev. J. G. Kennedy, used the story of Isaac by his father, Abraham, as the supreme example of the sacrifice which love will make to God when He is given His place of supremacy.

"God's love for us withheld not His Son from the sacrifice of service and death," said the pastor. "Our love for Him ought to lead us to surrender our dearest treasures, our sons and daughters to His service. In the world program, being faced by the churches, hundreds of sons and daughters will be required by God for His work where before we have been giving but tens. We gave freely to our country millions of our sons for war. Shall we not freely give thousands to our God to make known His grace among men that war may be no longer needed?"

"God gave us our children. God reserves the right to come and call them from us in death when it pleaseth Him. Shall we not give them to Him for His work where He may call them? Abraham and the world was blessed in his surrender of his only and well beloved son, Isaac. We and the world will be blessed in the lives of sons and daughters surrendered to God for His use wherever and however He may need them.

"When we block the way of response to God's call to religious service, we sin against our children, our God and our fellow men. God knows what He has fitted your children to do. Let Him have a chance to lead them to the task which he has qualified them to perform. Let us help them find God's plan for their lives and not force some selfish plan of our own upon them and thus hinder their highest usefulness, and blight their real happiness.

"Withhold not your children from God's sacrificial altar but honorably bring them there, as did Abraham, and He will bless you as He did Abraham in his surrender and will bless the world through them as the world was blessed through Isaac."

Many Spurious Crosses In
Salvation Quest, Is Claim

BY F. T. PORTER
(Pastor of First Christian Church)

There are many meaningless traditions as to what became of the cross of Christ. Christ did not care what became of his cross but he did care what became of the people for whom he died.

In the quest of a cross of salvation there are many spurious crosses. There is the cross that art has created. The blood stains upon it have been painted into crimson flowers, twined about a cypress trellis and it is veneered with gold. I would not lessen those beautiful crosses of rubies and diamonds or the crosses on church spires—I would make more of them. But the cross of my salvation is not a beautiful thing that art has made to be covered over with idolatrous kisses.

There are men whose knees are calloused by their daily worship of mammon who are content to bow before a gilded cross at the summit of altar stairs and think they are Christian because of their emotions.

There are women who never knew a twinge of self-denial who careen a pendant or kiss the imprint on the cover of a prayer book and think they are religious. We are Protestants who break the loaf of holy communion with stained hands and lift the cup to lips seared by bitter, unclean speech and think that because of meditation they are safe.

Another cross that people depend on for salvation is human sorrow, crucified by gossip or distrust. The wife is broken in health and bent not because of work but the cross of hunger for something more than food and shelter can give. The mother comes to a premature grave, not from overwork, but the crown of thorns pressed on her brow by prodigal sons and daughters. But these are not the cross of salvation.

There are two crosses for my salvation, my Master's cross and mine. "God forbid that I should glory save in the cross of Christ by which I am crucified unto the world and the world unto me."

Christ never once mentioned His cross. He spoke of being lifted up but He did not speak of the cross as such.

MRS. ALICE McCLUSKEY, prominent Lewiston woman, who says she wishes she could have gotten Tanlac twenty years ago, as it would have saved her lots of suffering. Declares she is now well and happy and that she wants everybody to know about it.

"I have been trying for twenty long years to find a medicine that would overcome my troubles, but my efforts failed me completely until I commenced taking Tanlac," was the remarkable statement made recently by Mrs. Alice McCluskey, residing at No. 66 Park Street, Lewiston, Me., a well-known and most highly respected woman of that city.

"I just feel like I would give the world to meet everyone who suffers as I did and tell them about this medicine. If I could only have gotten Tanlac twenty years ago it would have saved me a lot of suffering and money."

"My principal trouble was indigestion, and for many years I could not eat meat or pastries for I would always suffer afterward. I would most always have a distressed feeling after eating and nothing seemed to agree with me. Then, to add to the rest of my suffering, I contracted rheumatism in my shoulders and hips and the awful pains I suffered can never be told in words. This trouble finally got so bad I could hardly walk and my arms pained me so I could scarcely raise my hands to my head. I even had to give up my housework and was hardly able to get around at all."

"You can imagine how happy I was when, after taking only a few bottles of Tanlac, I found such a wonderful improvement in my condition! Why, it was just the medicine I needed all the time and I continued taking it until now I am perfectly well again. I can truthfully say that I am enjoying as good health now as I ever had in all my life. I have gained about 14 pounds in weight and can again do all my household work without the least trouble. I don't get tired like I did and after doing my work I can get out and walk for blocks and feel just fine when I get back home. I earnestly advise everyone who suffers as I did to take Tanlac."

Tanlac is sold in Santa Ana by Rowley Drug Co. and the leading druggists in every town.

Yuba tractors work in sand.

TWO GROUPS TO GO ON BALLOT ANNOUNCED

(Continued from page seven)

group of the Republican party and is a testimonial of their approval of his administration as governor and his course as senator. The names on that ticket will be an effective answer to every criticism of Johnson which has been made through misunderstanding or factional prejudice.

"The ticket, as it stands, represents an earnest endeavor to do what is best for the Republican party and for Hiram W. Johnson, California's stalwart and beloved candidate. Every man and woman on the ticket is pledged to vote for Hiram W. Johnson on every ballot, until Johnson is nominated by the convention, or until Johnson himself releases the delegation.

"As president of the Johnson-for-President Club, as a lifelong and loyal Republican, and as a citizen of California who glories in the opportunity of Senator Johnson—a California man who is an honor to California—to receive the great distinction of the Republican nomination for President, I bespeak for this representative ticket, which is the official Johnson ticket, the vote of every California Republican at the primary.

"FRANK P. FLINT,
President of Johnson-for-President Club."

The Democrats in San Francisco received telegrams from Hoover and McAdoo. McAdoo said that he did not care to enter any primary. Hoover's telegram reads:

"While highly sensible of the great honor implied in the desire of many friends to place my name in nomination as a candidate in the Democratic primary, I deem it due to them to advise them that as I am not a candidate, I therefore cannot approve of the use of my name for that purpose."

ANT-BEAR MASCOT TO
RETURN TO MARINES

CINCINNATI, O., Mar. 8—Jimmy, the Mexican ant-bear, which served throughout the World War as mascot of the Marine Brigade in France, and was wounded in action, may soon be lost to the Cincinnati Zoo. Marines who served in France and who will form the nucleus of a new expeditionary force to be stationed at Quantico, Va., want to get Jimmy back again.

Like all seafaring men, they are superstitious and fear that they will have bad luck in any future ventures if they allow their mascot to remain in a zoo.

Jimmy was picked up by the Marines in Vera Cruz in 1910. He did a tour of duty aboard a battleship, and then went to France with the Marine Brigade. He was the first ant-bear the French had ever seen, and he amused the adults, but scared the children half to death. He has a long flexible nose, ideal for the exploration of half-empty jam cans.

You will want a GARDNER when you see one.

Before that little
skin eruption becomes serious apply
Resinol
Even in severe cases of eczema, more, then, can this simple inexpensive treatment be relied upon to dispel skin troubles in their earliest stages. It is a standard skin treatment, prescribed for years. Don't wait—try it today. Sold by all druggists.

30 cents of insurance
A Jar of Vicks is Protection Against Colds
More than a score of years ago, a druggist in a little North Carolina town was searching for a better way to treat colds. He knew that epinephrine and internal medicines did not go direct to the lungs and air passages, and often did derange the digestion.
At last he found a process by which he could combine standard, time-tested remedies in salve form, so that when the salve was applied over the throat and chest the ingredients would be vaporized by the body heat.
These vapors, inhaled with each breath, carried the medication direct to the lungs and air passages. At the same time the salve was absorbed through and stimulated the skin, aiding the vapors inhaled to relieve the congestion.
This preparation was named Vicks Vaporub, and year by year its use has steadily grown until now more than 17 million jars are used annually.
Vicks is a Real "Little Bodyguard" to Old and Young
For mothers with small children Vicks is a boon indeed. No dosing—just apply well over the throat and chest at the first sign of "sniffles," and cover with a hot flannel cloth. Leave the covering loose around the neck so the vapors arising may be freely inhaled. An application at bed time usually prevents a night attack of spasmodic croup.
For deep chest colds, bronchitis, sore throat, hoarseness—hot wet towels should first be applied over the throat and chest to open the pores of the skin—then rub on Vicks.
For head colds, asthma, catarrh, whooping cough—a little Vicks can be melted in a spoon and the vapors inhaled.
Formula of Vicks
Vicks contains Menthol from Japan—Camphor from the Island of Formosa—Oil of Eucalyptus from Australia—Oil of Juniper Tar from the Mediterranean Coast—Turpentine from the long leaf pine trees of the South—Petrolatum from the oil fields of Pennsylvania, and other valuable ingredients.
If Filled on Prescription a 30-cent Jar of Vicks Would Cost from 60 to 75 Cents
These ingredients are bought in enormous quantities, carefully tested by our chemists and mixed by automatic machinery in our huge laboratory, employing over 200 people.
Recently an officer of this Company had a prescription for a 30-cent jar of Vicks filled in various cities—below are given the prices charged, which of course do not include the physician's fee:
Lynchburg, Va. .60 Chicago, Ill. .70
Baltimore, Md. .65 San Francisco .75
New York, N.Y. .65 St. Louis, Mo. .70
VICKS VAPORUB

Citrus Nursery Stock

We offer, subject to previous sale, the following nursery stock:

- 10,000 Valencia Late Oranges
- 10,000 Washington Naval Oranges
- 3,000 Eureka and Lisbon Lemons
- 2,000 Marsh Seedless Grapefruit

All clean, vigorous young trees, selected buds, on Florida Sour root.

We are sold out of some sizes in some varieties, and the balance will be sold within the next 30 or 60 days.

MAKE YOUR RESERVATIONS NOW or you will be unable to procure trees at planting time.

WRITE US TODAY stating number, variety and size of trees wanted, and we will mail you price list, and advise if we can fill your orders. Or, better still, call at our Nurseries. Address Lone Hill Citrus Association. Phone 558.

Snows Speed Delivery of Studebaker Special Sixes

Demand for Studebaker cars has long exceeded supply in Southern California. Blizzards have slowed up Eastern shipments, however, those east of Detroit having been held up by embargo for ten days recently. As a result, a Pacific Coast representative, on his recent trip to the factory, was able to secure the allotment of an extra number of Studebaker Special Sixes for Southern California. We have two of these splendid cars for immediate delivery.

Outbursts of Everett True

FINDS FAMILY AFTER 20 YEARS

FRESNO, Mar. 8.—After being separated from his family for 20 years, William Winter was restored to them through the efforts of the Fresno county welfare department who located a sister living in Colorado. Winter suffered a lapse of memory owing to an accident in which he was struck on the head by a motor cycle. After being treated for several weeks at the county hospital he was transferred to the old people's home.

The sister recently came to Fresno, identified him and is now taking him to Pecos Springs, Colo.

BABY IS BORN WITH BULLET IN SHOULDER

GADSDEN, Ala., Mar. 8.—With a .22 rifle bullet lodged in its shoulder, a baby girl was born to Mrs. Alice Martin after physicians had performed the rare Caesarian operation.

The child's condition has been reported absolutely normal by the physicians who made the operation. It was stated that no effort would be made to remove the bullet from its body. The mother died soon after the operation.

Mrs. Martin was brought to a hospital here a week ago suffering from a gun shot wound in the abdomen. She told the hospital authorities that she had met with an accident, but would state nothing further. She lingered between life and death for seven days, and as a last resort, to save her life and to bring the child into the world, the physicians decided upon the operation.

FOX FARMING FOUND TO BE PROFITABLE

CHARLESTOWN, P. E. I., Mar. 8.—Fox farming in this island province is growing steadily and this season it is estimated about five thousand foxes will be shipped from here. The prices range from \$100 each for silver fox skins down to \$10 for the cheapest reds. Ranchers are giving up the breeding of the cheaper grades of foxes, as they cost just as much to feed as the others.

\$600 GEMS LOST AS MAID MAKES MISTAKE

MIDDLETOWN, N. Y., Mar. 8.—Mrs. Patrick Martin of Goshen, N. Y., lost a pair of diamond ear rings valued at about \$600 because a maid in clearing the table brushed the earrings up with the crumbs and threw them into the kitchen stove. Mrs. Martin had placed her earrings on the table and was absent from the room only a few minutes. As soon as she discovered the loss the fire was dumped and a search made for the missing treasure. The gold part of the earrings was finally discovered among the ashes, but the diamonds were missing.

100 YEARS OLD, MAN NEVER WORE GLASSES

DETROIT, Mar. 8.—One hundred years ago Jan. 13, Karl Stubb, No. 667 Buchanan Avenue, was born in Germany. In 1893 he came to Detroit. Mr. Stubb is in good health and has never worn glasses. Until two years ago he was a moderate smoker. Three daughters live in Detroit, with one of whom, Mrs. August Pinkel, he makes his home.

RADIO MESSAGES ARE RECEIVED BY PLANTS

NEW YORK, Mar. 8.—One of the most extraordinary recent discoveries in regard to plants is that they are "conscious" of wireless messages, says the Radio Amateur News. Experts who have experimented in the matter declare that plants receive wireless messages and that the response can be detected by the new electrical instruments. The latter are so sensitive that they can detect and register the minutest internal movements in plants.

CURLEY ALSO OUT TO GET CARPENTIER

NEW YORK, Mar. 8.—There's always room for one more.

Proving that this ancient gag holds good in sports as well as in cars and elevators, Jack Curley has squeezed himself into the surging mob of promoters seeking Georges Carpentier's signature on something.

Curley, who has been packing Madison Square Garden at wrestling matches all season may have a lot of company in the tug that scots down the bay to meet the Carpentier honeymooners, but he claims to have something on all of them. For fifteen weeks, starting May 3, Carpentier will follow Curley and then hop into Canada, according to Curley.

"It's going to be more than a vaudeville trip; it's going to be the triumphal tour of a hero," Curley said, proving that his advertising department has not been idle.

"Carpentier cannot appear for any other manager before the expiration of my contract, nor engage in any future contract before he finishes with me. I have his acceptance to fight Jack Dempsey for me and we have agreed upon a price and terms. I will make no effort to secure Dempsey, however, until his case with the government is settled."

Tex Rickard, one of the bright dark horses in the race, and Major Drexel-Biddle, president of the Army, Navy and Civilian Board of Boxing Control, are said to be in Los Angeles with Dempsey.

POLO TO DEVELOP BETTER HORSEMANSHIP

NEW YORK, Mar. 8.—From the humble and inconspicuous role of a 'wimp' in the stables, John Jones, freshman at Blank University, rose to the highest rank of university greatness today. Astride the pony he had been grooming for weeks he entered the game in the final period here. The prices range from \$100 each for silver fox skins down to \$10 for the cheapest reds. Ranchers are giving up the breeding of the cheaper grades of foxes, as they cost just as much to feed as the others.

This is an advance of some game, some place, some time in the future.

HUGE WEDDING FEAST IS SERVED TO 250

LANCASTER, Pa., Mar. 8.—That the high cost of living has no terrors for the people who live in Lancaster county was evidenced at a wedding reception given at the home of David E. Beller, at Bird-in-Hand, in honor of his daughter, Lizzie, who became the bride of Levi Fisher of Intercourse.

Following the ceremony performed at the home of the bride's father by Bishop Beller, 250 guests sat down to a wedding feast at which were served five geese, fifteen ducks, twenty-five chickens, four hams, forty custards, eighty pies, twenty-two cakes, a tub of doughnuts and three bushels of celery, in addition to a large number of side dishes.

It was the largest wedding party ever entertained in Lancaster county.

Carpentier and Bride To Cal. on Honeymoon

Georges Carpentier, French heavyweight champion who is to come to America soon, bringing a bride, and his mother, who is one of the most ardent, partisan spectators of bouts in which her boy takes part.

Georges Confirms Rumor That He's to Wed Before Coming to U. S.

PARIS, Mar. 8.—Georges Carpentier and Mme. Georges Carpentier will spend their honeymoon in the United States. The heavyweight champion of Europe and challenger for the world's title, verified a long standing rumor with an announcement that he had lost a decision to cupid and would marry Mlle. Gergette Laurencia Elsassier, "a girl rich in love but poor in the world's goods."

"You may officially announce my marriage which will take place next week," Carpentier said to a United Press correspondent.

"It's purely a love affair. Georges has no money but I prefer her to many of the rich, aristocratic girls whom I might have married. I have known her for two years and I am sure I can earn enough money in America to support her."

"I decided to marry her and take her to America with me March 11, on the Savoy, because I was afraid I might want to see her so badly I would jump my contracts in the United States and return to Paris."

"Naturally I think Gergette the sweetest girl in the world and I believe America will agree with me. She's a beautiful blonde, has expressive eyes and a delicious smile and is only 23 years of age. Delay encountered in receiving certificates from Holland, the birthplace of her father, kept me from marrying her sooner."

Belief in the innocence of Jack Dempsey was expressed by the French champion.

"I am most confident that Dempsey will have no difficulty in proving himself not guilty of charges made against him," he said.

Commenting upon his American plans, he said:

"We are going to California as soon as we arrive in the United States. I have no doubt that Dempsey and I will fight in America as soon as I have finished my movie contracts and taken a 10 weeks vaudeville tour. Cochrane's option was good only for the Olympia in London and expired February 1. Tex Rickard has notified us that he will meet us at Quarantine Station in New York and will sign up immediately."

Fight With Dempsey to Be Georges' Last, He Says

PARIS, Mar. 8.—Jack Dempsey may be Georges Carpentier's last opponent.

The proposed battle between the world's champion and the title holder of Europe will be the closing chapter of the Frenchman's ring career, he indicated here today.

"I will accept absolutely no fight or will engage in exhibition contests in America except with Jack Dempsey for the world's championship and it will be my last fight," he said.

Mlle Gergette Elsassier, who will become Mrs. Georges Carpentier on Monday and who will tour America with her husband, is an American born girl, it became known here today. Her mother was an opera singer in New York and Gergette was born there. One year later the mother and child went to Paris, where the mother died.

Following the ceremony performed at the home of the bride's father by Bishop Beller, 250 guests sat down to a wedding feast at which were served five geese, fifteen ducks, twenty-five chickens, four hams, forty custards, eighty pies, twenty-two cakes, a tub of doughnuts and three bushels of celery, in addition to a large number of side dishes.

REDLANDS WINS TRACK MEET 68 TO 49

Although Santa Ana High school took six first places Saturday forenoon in the field and track meet with Redlands, at Redlands, the number of marks piled up by Allen, Redlands star, was too great for Coach Morrison's athletes to overcome. Redlands won the meet, 68 to 49.

The Redlands phenom got away with three firsts and two seconds. Tillory, of Redlands, has a deep scratch on his chest, sustained when the bamboo pole with which he was vaulting snapped. He managed to escape being caught on the jagged edge of the pole.

Although Redlands won, Santa Ana did splendidly and showed improvements in many events. Redlands, by having three good broad jumpers and three good discus men, was able to take all places in these two events, thus getting an 18 point margin, which won her the meet. Santa Ana took seven first places, while Redlands took only five, but Redlands had sufficient second and third place men to more than offset the first place men of Santa Ana.

Spangler's performance

Spangler ran a beautiful race in the 440, and brought warm praise from Redlands fans as to his ability to step around the oval. He won this race with ease in the fast time of 52.1. The 220 followed shortly after the 440 and here Spangler went up against Bob Allen, who holds the state record. Spangler led Allen to within fifty yards of the tape, but was unable to hold out, after just running the 440. Allen finished a stride to the good and in the fast time of 22.3. In the 100, Allen again was the victor by a scant yard.

Le Bard went 10 feet in the pole vault, which was 6 inches higher than his previous record, and as he cleared the 10 foot mark, the pole broke, letting Le Bard fall 10 feet up his back. Had it not been for sawdust, serious injury might have resulted for the plucky athlete.

Petz took first in the high jump at 5 feet 5 inches, which was considerably higher than any efforts have taken him before. Petz cleared this mark twice by at least four inches, and with more practice should make the 6 foot mark. Judges claimed at first that Petz was diving, but the young fellow proceeded to demonstrate that he could clear the mark otherwise, and the judges awarded him first place after he had made the height no less than three times.

Hard Work Wins

Kenneth Nelson in the shot deserves much commendation. He came out a few weeks ago, knowing nothing about form or the traits of a shot putter. He trained every evening. His hard work and efforts were no so successful at first, and he had to be contented with a 35-foot mark at the best. Saturday, however, he was awarded first place with a heave of 38 feet, 6 inches, and repeated this distance several times. Nelson will best the 40 mark before the county meet.

Captain Leland Plavan took first in the high hurdles in good time. In the lows, he was forced to a second place because his rival had a little more speed. Plavan has improved

PUBLISH MY LETTER

Says Mrs. Ovenstein, So Other Suffering Women May Learn How to Get Well.

Chicago, Ill.—"I suffered for four years with pains in my sides, hips and legs and a terrible backache. I could not do any work at all. I was treated by many physicians but they did not help me. I read in one of your books where other women had been helped by Lydia E. Pinkham's Vegetable Compound so I tried it and it helped me very much so that now I can do everything in the house. I have told my friends about your wonderful Vegetable Compound and you have my permission to publish my letter so other women who suffer may learn how to get well."—Mrs. L. A. OVENSTEIN, 902 S. Marshfield Ave., Chicago, Ill.

This good old fashioned remedy is made from native roots and herbs and contains no narcotics or harmful drugs. If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

12 PHONE LINES HIT AS POWER WIRE DROPS

WINTERSBURG AND SMELTZER, Mar. 8.—Chas. Walton, trouble man for the Smeltzer Home Telephone Company, and his helper, Frank McGuire, are having a strenuous time this week making repairs on telephone lines. Injured by the fall of an electric wire on the "28" line the first of the week. This is becoming a very usual occurrence, the second trouble of the kind so far this year. Twelve lines were affected and at the Hill residence a fire was started by the high voltage and the telephone was burned out before the fire could be put out. The trouble occurred near the sugar factory.

D. D. Gardner, who took his bed Tuesday with the flu, got up Friday but relapsed and the last heard from him Saturday morning he was very ill with a temperature higher than it had previously been. Mrs. Gardner is greatly improved and her temperature is now normal.

Move to Santa Ana Canyon
Mr. and Mrs. Kerns, who have been residing in Smeltzer, where Mr. Kerns has been in the employ of R. L. Draper, are moving this week to the Santa Ana canyon, where he has accepted a position on an orange grove, the property of Leo Borchard of Talbert, for whom he worked previous to coming here. Mrs. Kerns and the little boy left Tuesday and Mr. Kerns remained to see to the shipping of the household goods.

Four of Family Ill
Four members of the W. W. Blaylock family are down with influenza. Mr. Blaylock took his bed Wednesday and Mrs. Blaylock Thursday, and Charles and William were taken down Saturday morning. Mr. and Mrs. Blaylock's temperatures were down almost to normal that morning. A nurse, Miss Foote, of Santa Ana, was secured Friday morning to care for them.

George Woodington was a guest from Wednesday over Sunday at the home of his uncle, Harry Woodington. A ten-day furlough had been secured by him from the Y. M. C. A. mechanical school and he, with a friend from the school who is also an ex-service man, took a trip through Imperial and into Arizona to look over the land offered service men by the government. Water facilities were lacking in this section so the young men are undecided as to taking up the proposition. The trip was made by machine and they returned Wednesday, having been gone a week.

C. C. Pratt had so far recovered from his spell of influenza that he returned to work the first of the week. He is employed at Harper. Mrs. Pratt is also greatly improved this week and their daughter has also recovered sufficiently to re-enter school.

Mrs. Arthur Thornton spent the past week with relatives at Colton, returning home Monday. Mr. Thornton's father was here from Colton for the week but expects to return home shortly.

Mr. and Mrs. Harry Woodington entertained as guests at their home Thursday night, Mr. and Mrs. H. Sherman of Trabaca Canyon. The Shermans are former Smeltzer people.

Surprise Honors Mother
Mrs. R. J. Morgan and her cousin, Mrs. Clinton Brush, of Wintersburg, attended a surprise party Wednesday given at the home of Mrs. Morgan's sister, Mrs. W. C. Caraway, in honor of her mother, Mrs. M. A. Moore. Mrs. Morgan went over for the day to be with her mother, who was leaving Friday for Kansas City, Mo., and she and Mrs. Caraway's schemes for keeping Mrs. Moore in ignorance of what was in store for her proved successful and she was busily engaged in packing in one part of the house while the guests entered another. Twelve were present beside the hostess, all old friends or neighbors, and a most enjoyable afternoon was passed as the guests departed with wishes that their separation would not be for long. Five of Mrs. Moore's old friends dropped in unexpectedly during the time to wish Mrs. Moore good-bye, adding a pleasant feature to the occasion. Those numbered in the party present were, beside the honoree, Mrs. Moore, and the hostess, Mrs. Caraway, were Mrs. Will Edwards of Westminster, Mrs. Dinsmore, Mrs. Miles, Mrs. Shoemaker, Mrs. Baker, Mrs. Cook, Mrs. Williams, Mrs. DeLapp, Mrs. Morgan, Mrs. Brush and Miss Bowers.

A number of the mothers of pupils of the Huntington Beach high school from this vicinity attended the mothers' day reception given by the girls on Thursday afternoon. The delightful program and social time was greatly enjoyed. Among those in attendance from the neighborhood were Mrs. George B. Crane, Mrs. P. J. Morgan, Mrs. W. G. Alford, Mrs. E. R. Bradbury, Mrs. Henry Winters, Mrs. Phillips, Mrs. N. Walton and Mrs. W. T. Vanduff.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets the substitute for calomel. No gripping results from these pleasant little tablets. They cause the liver and bowels to act normally. They never force them to unnatural action. Dr. Edwards' Olive Tablets are a soothing, healing, vegetable compound mixed with olive oil.

If you have a bad taste, bad breath, feel dull, tired, are constipated or bilious, you'll find quick and sure relief from Dr. Edwards' little Olive Tablets at bedtime, 10c and 25c a box.

Villa Park

VILLA PARK, Mar. 8.—H. T. Thomson was in Los Angeles Monday and Tuesday.

Mrs. C. O. Field returned from a short visit in Los Angeles on Tuesday.

Mrs. R. H. Sussdorf was a visitor in Los Angeles and Pasadena.

Mr. and Mrs. A. F. Manz and son Reuben of Whittier, were dinner guests of Mr. and Mrs. L. R. Jones on Sunday.

Modern Priscillas Meet
The Modern Priscilla Club met with Mrs. W. A. Knuth, Jr., on Wednesday afternoon. After a short business session the time was spent doing fancy work. Violets and California poppies were used as decorations. Refreshments of sandwiches and cocoa were served before the club adjourned to meet with Mrs. C. Wallace, at 594 North Orange St. in Orange on March 17th. Those who enjoyed the afternoon were Mesdames W. L. Adams, John Allen, Louis DeLong, Geo. Goetsch, A. E. Hughes, A. W. Leitchfues, C. A. Palmer, C. Wallace; Misses Nellie Adams, Elizabeth Lee, Margaret Holditch and the hostess Mrs. W. A. Knuth and also Mrs. Ellen Holditch, who was a guest of the club.

Mr. and Mrs. L. R. Jones were in Los Angeles on Wednesday to visit with Miss Josephine Jones.

Misses Clara Jockobice and Louise Fredericks of Los Angeles and Messrs. Otto and Hugo Kutsche of Grand Rapids, Mich., motored down from Los Angeles to spend Thursday afternoon with Mr. and Mrs. W. L. Rasch.

Mrs. Frank Lord who was laid up with rheumatism is very much improved and able to be around a little.

Messrs. A. S. Adams, Will and Bronson Holditch and Norman Whiting were down at Three Arches fishing on Wednesday.

Mr. and Mrs. A. S. Adams spent Thursday at Lomita with their daughter, Mrs. L. O. Hanselman.

Miss Elizabeth Lee and Miss Nellie Adams went to Los Angeles on Thursday to spend a few days with Miss Estel Urschell.

Mrs. Ryberg and daughter Margaret and son Earnest were dinner guests of Mr. and Mrs. L. R. Jones on Friday evening.

Messrs. Willard Smith, A. A. Lee and George Lee drove up to Elsinore Hot Springs on Friday. Mr. Lee will stay for a week or ten days and take some treatments as he has not been feeling very well lately.

Mr. Smith and George Lee returned Friday evening.

Mr. and Mrs. J. B. Handy and children Zelda, Owen and Bruce and Lew Wulff, Mr. and Mrs. W. L. Adams and children Welma and Clarence went to Laguna Beach to spend the week end at Echo Lodge.

Yuba Tractors are efficient.

COUNTY SUNDAY SCHOOL PICNIC IS PLANNED

The Orange County Sunday School Association is busy on a program for a great field day for all the Bible schools of the county. One whole day in the late spring or early summer is to be given to fun and frolic, games and contests, one worth while address, and a picnic where perhaps each locality will gather about a common group of tables that neighborliness may be enjoyed and a good time assured.

Recognition of schools reaching certain requirements, giving of rewards for attainment of skill in contests, opportunities for everyone to take part in some of the activities are among the aims of the effort.

"The day," said Rev. Kitzmiller, secretary of the association, "can also be made the occasion or practical substitute for the individual school or denominational picnic, and the attendance increased thereby and the enlarged fellowship will lend inspiration to the Bible schools. Why not every pastor and superintendent begin to plan now to help make this a red-letter day in the annals of the county's schools?"

AVALANCHES CAUSE DIET OF MOOSE MEAT

SKAGWAY, Alaska, Mar. 8.—Residents across the international boundary line from here, in northern British Columbia and Southern Yukon territory have been reduced to a straight diet of moose meat as a result of avalanches of tumbled tons of rock, earth and snow down on the tracks of the White Pass & Yukon railroad.

All through January and February the route remained blocked. Attempts to clear the tracks with huge rotary snow plows were unavailing because of the heavy rocks.

The two dependencies depend upon the railroad to keep them supplied with provisions throughout the long, dark and monotonous winter. The general thaw this year, resulted in snowslides and for the first time shattered the residents' faith in the railroad. The failure of the railroad to operate is making it extremely complicated for the young children and toothless aged to whom moose meat in any form does not appeal.

Spencer Corset, 801 Spurgeon St.

Buena Park

BUENA PARK, Mar. 8.—Mr. and Mrs. Dean Hasson and little son of Anaheim, were in Buena Park last Sunday, visiting Mr. Hasson's parents, Dr. and Mrs. D. W. Hasson.

Mrs. William Schmacher has been ill for the last few days. Her mother, Mrs. Crum, of Compton, has been staying with her during her illness.

Mr. and Mrs. James Calder have returned to Southern California after spending a year in Salt Lake City. While they enjoyed their stay in that city very much, California looks a great deal better to them and they are very glad to get back.

Mrs. L. Fancher has successfully passed through an operation at the Anaheim hospital. We wish for her a speedy recovery.

Edward Thurman, who has been spending the last few months at India, is in town visiting his father, Mr. E. E. Thurman.

The chamber of commerce meeting to be held on last Monday night did not take place owing to the unfavorable weather conditions.

On last Friday afternoon, February 27, at the Fullerton Presbyterian church, Miss Ruth Loughboro, of Buena Park, and Levi Johnston, formerly of Waterloo, Iowa, were married in the presence of relatives and a few selected friends. Mr. and Mrs. Johnston expect to make their home in Anaheim following a tour through different parts of the state.

Miss Margaret Martin has returned from Long Beach, where she has been visiting friends.

William Deuce has purchased two lots of Herbert Shunk and expects to erect a residence on them in the near future. He is preparing to send a carload of stock and machinery to Blythe on the Santa Fe immediately.

John Andrews of Redondo, was in Buena Park on Thursday, visiting relatives.

The funeral of Mrs. Bastady, mother of Mrs. Harvey Hartman, and Fred and Emanuel Bastady, was held on Wednesday, March 3. She was greatly respected by all who knew her.

G. Nishimi, a Jap truck driver for a Japanese produce house in Los Angeles, was struck by a south-bound train on Monday. He was attended by Dr. Hasson, who had him taken to the Fullerton hospital, where it is thought he has a chance for recovery.

Edward Mann is ill with influenza. His brother, Robert Mann, eldest son of Collis Mann, of this place, died on Thursday at the Anaheim hospital, following an operation for appendicitis. Funeral services were to be held at Anaheim this morning, in charge of the Masons. Mann having been a member of Lodge No. 357 of Buena Park. He had many friends in this vicinity.

The funeral of Mr. Ryan, formerly

AMERICAN GIRLS TABOO TATTOO

WASHINGTON, Mar. 8.—American women who yearn to be "a la mode" and "advanced" will hesitate in following the newest fad of Paris and London women who are going in for the painting of chipmunks and other cunning little animals on their white shoulders just above the shoulder straps of their evening gowns.

This falls far short of the mode—in America at least. Women of the Osage Indian tribe did it centuries ago. They even extended the custom to the decoration of their ankles, according to the Smithsonian Institution, which studied the custom through Francis La Flesche, Indian expert of the Institution. The custom is fully described in a Smithsonian publication which calls it "Gah-ge O-ko" or the "Rite Belonging to the Chiefs." Chief Wa-xi-zhi explained the custom to Expert La Flesche.

Electric Light, Steam and Vapor Baths, Oil Rubs, Body Massage and Swedish Treatments for women and children. Graduate Masseuse, Turner Toilette Parlors, 413 N. Broadway.

of Buena Park, but for the last couple of years a resident of Watts, was held in Los Angeles at the Cunningham & O'Connor parlors on Tuesday, March 2, at 2 o'clock. When in Buena Park the Ryans occupied the place formerly owned by George Wilcox. Before leaving Buena Park, Mr. Ryan became very ill with leakage of the heart, and since that time has been a bed-ridden invalid with continuous suffering from the malady. He leaves a wife and a son and daughter.

On next Tuesday E. C. Cady will have a sale of the stock on his ranch, with a lunch to be served at 12 o'clock. Following the sale Mr. and Mrs. Cady are planning to take a trip East. The ranch will be taken care of by Mrs. Cady's son, James Calder, who, with Mrs. Calder, has just returned from Salt Lake City. Mrs. R. H. Meyer was a Los Angeles visitor on Tuesday.

On Sunday, February 29th, the grand lecturer of the Masonic order met with the Buena Park Masons and conducted a school of instruction. Members from Santa Ana, Huntington Beach, Yorba Linda, Fullerton, Anaheim and other Orange county lodges were present to profit from the instruction. Dinner was served to all present at the Buena Park Inn.
